## PRE-OPERATIVE INSTRUCTIONS

### If you are having a General Anesthetic or IV Sedation:

- \* **Do not eat or drink** past midnight, the night before your surgery, not even water unless authorized by Doctor.
- \* **Have a responsible adult with you** who will drive you home. They must be in the waiting area during the entire procedure.
- \* Minors (under 18 years, single) must have a parent or guardian present or written consent from them at the time of surgery.
- \* The night before your appointment eat a light, easily digestible meal and get plenty of rest.
- \* Do not wear contact lenses.
- \* **If you are having a local anesthetic** (Numbing shots while you are awake) please take your normal meals and medications.
- \* Remove all facial piercings prior to arrival for surgery.
- \* No acrylic nails on day of surgery. We need access for monitors.
- \* Wear short sleeves on day of surgery. We need access for blood pressure monitors.
