ABOUT US - MEET THE TEAM

Kimberly Allard -
Founding Partner

This started as a group vision back in 2010 when so many of us had small dogs that needed specialized care. A decade later and we are continuing to provide exceptional care to dogs 30lbs and under. I am honored to have such a great team at A Dog's Day Away that allows me to continue to work as the Owner of CENTURY 21 Professionals in Braintree. I have been a Licensed Real Estate Broker serving Buyers & Sellers in MA for over 20 Years.

Kim owns a Yorkshire terrier named Winni.

Kristen Bronson -
Managing Partner

Kristen holds a degree in Animal Science from UMass Amherst.

She originally wanted to pursue a career in zookeeping, even going so far as to intern at Roger Williams. Her path ultimately led her to the dog world where she started as a handler at ADDA in 2012 and became partner in 2017. Kristen handles all the day to day operations at the daycare and can be found in the office every day.

Kristen owns a Chihuahua mix named Nimbus.

Pass our evaluation process

Evaluations take place at 7am for up to 4.5 hours. Your dog will be tested against our temperament checklist and meet our regular daycare clients one on one. A report card will be available on ProPet at the end of their appointment.

Your dog will then be on probation for their next 5 visits. Even if your dog passes the initial evaluation some dogs become stressed or do not enjoy daycare after being immersed in it. A good daycare will let you know if your pup is not enjoying himself or if your pup is making the daycare experience stressful for the other dogs. .

WHAT MAKES A GOOD CANDIDATE FOR DAYCARE?

Daycare is for dogs that enjoy the company of other dogs. A dog that loves to play with other dogs, enjoys being around new people and has lots of energy to spare without significant medical problems, is the perfect daycare candidate. Many times, this is a friendly, active dog that is already social and needs to release all their excess energy.

FREQUENTLY ASKED QUESTIONS

What happens if my pet has a medical emergency at daycare?

Since dogs play with their paws and mouths there may be times when small injuries occur. All staff from handlers all the way up to the partners are trained in Pet CPR and First Aid. We can take care of any minor issues but always communicate as it happens.

If it is a more serious issue we will call you on our way to the VCA up the street for emergency care. If you can not be contacted we will get in touch with your alternate or emergency contact and ask to be met at the vet.

What if my dog gets a bad report after a day of daycare?

We strive hard to provide a safe, fun environment for your dog to play in. If at any point in time your dog is deemed unsuitable for this free play, cohabitative environment, you will be notified at pickup.

We do our best to diligently warn you of issues as we become aware of them, before anything arises. We always want to be transparent as possible about your dog's behavior. We will always recommend training and will explore every tool available to us before dismissing a dog.

Dismissal is immediate if your dog causes injury to staff or another dog in our care.

What can I expect after my dog's first day of daycare?

Your dog may come home unusually tired; it is not abnormal for them to be tired the entire next day. That is the point of daycare, after all!

Sometimes, energy creates energy. Though dogs get the opportunity to rest, they may still be amped up when they get home. They may miss you and want you to play for a few minutes. This is not abnormal either. It should be very short lived compared to non-daycare days though.

Dogs may be unusually hungry or thirsty on daycare days. They have an ample supply of water both inside and outside. We cannot force dogs to drink, but we do make sure there is plenty of clean, fresh water available. Running and playing creates a big appetite, too!

We ask that dogs not come more than 3 days a week to give them ample time to rest at home. Daycare is a big party with all their best friends but that can get tiring if they don't get a chance to decompress.

Even small dogs deserve a big celebration for their birthdays! Let us help you plan a party while they're at daycare
