

# THE FREEDOM INITIATIVE

**The Freedom Initiative** is a multi-faceted approach to promoting, demonstrating and teaching psychosocial learning concepts that people can apply, and that will benefit personal growth, social growth and racial unity in College Park communities.

**Beliefs and Practices in Being A Beloved Community**

**Radial Cycle** used to show the relationship to a central idea.

The Science of Humaculture is a forty-year research initiative that traces the social and psychological development of Individual from birth to adulthood by Dr. Nkosi K. Ajanaku, The Founder of the Future America Basic Researcher and Chief Basic Research Scientist.

*The research covers the period of institutional slavery in America and the birth of United States government as an institution. The science has been instrumental in exposing flaws and gaps in learning; and the sacredness and royalty of all humanity.*

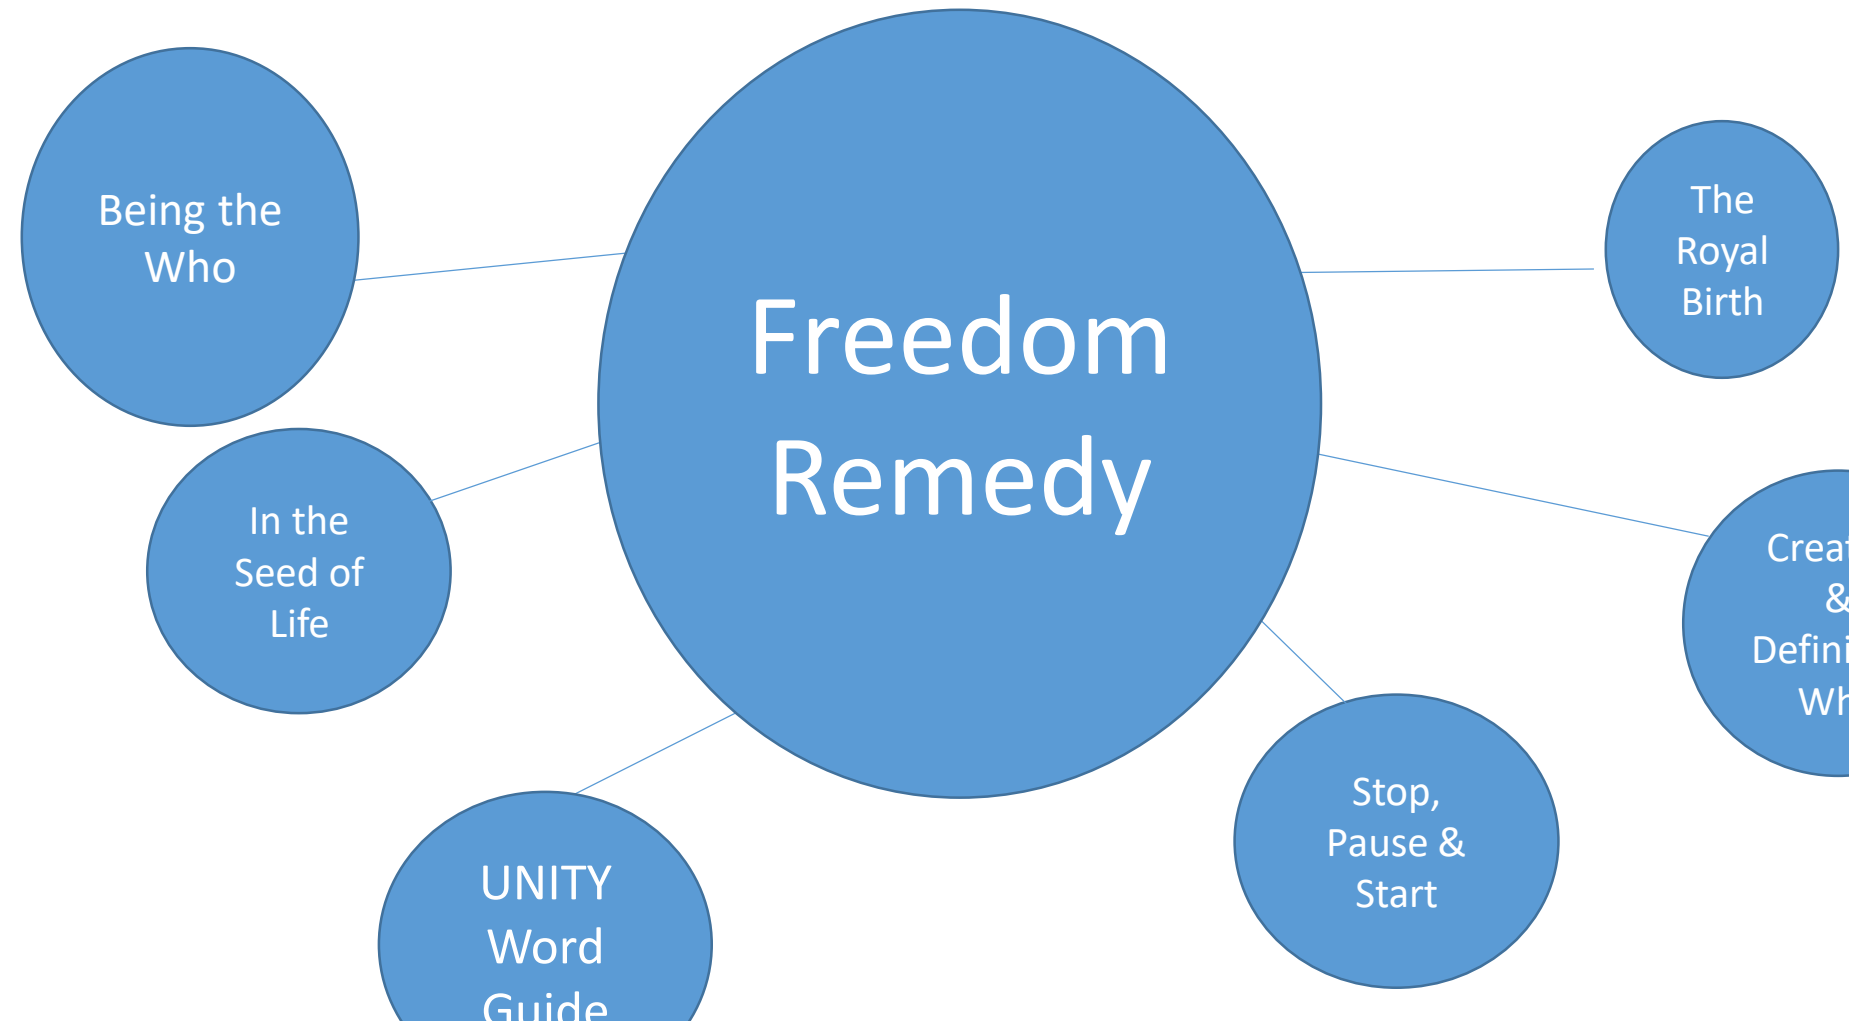

*It identifies what each human being in America is capable of learning after birth to develop socially and psychological into becoming a free, responsible and essential equal human being while subject to the process of socialization.*

Dr. Nkosi*

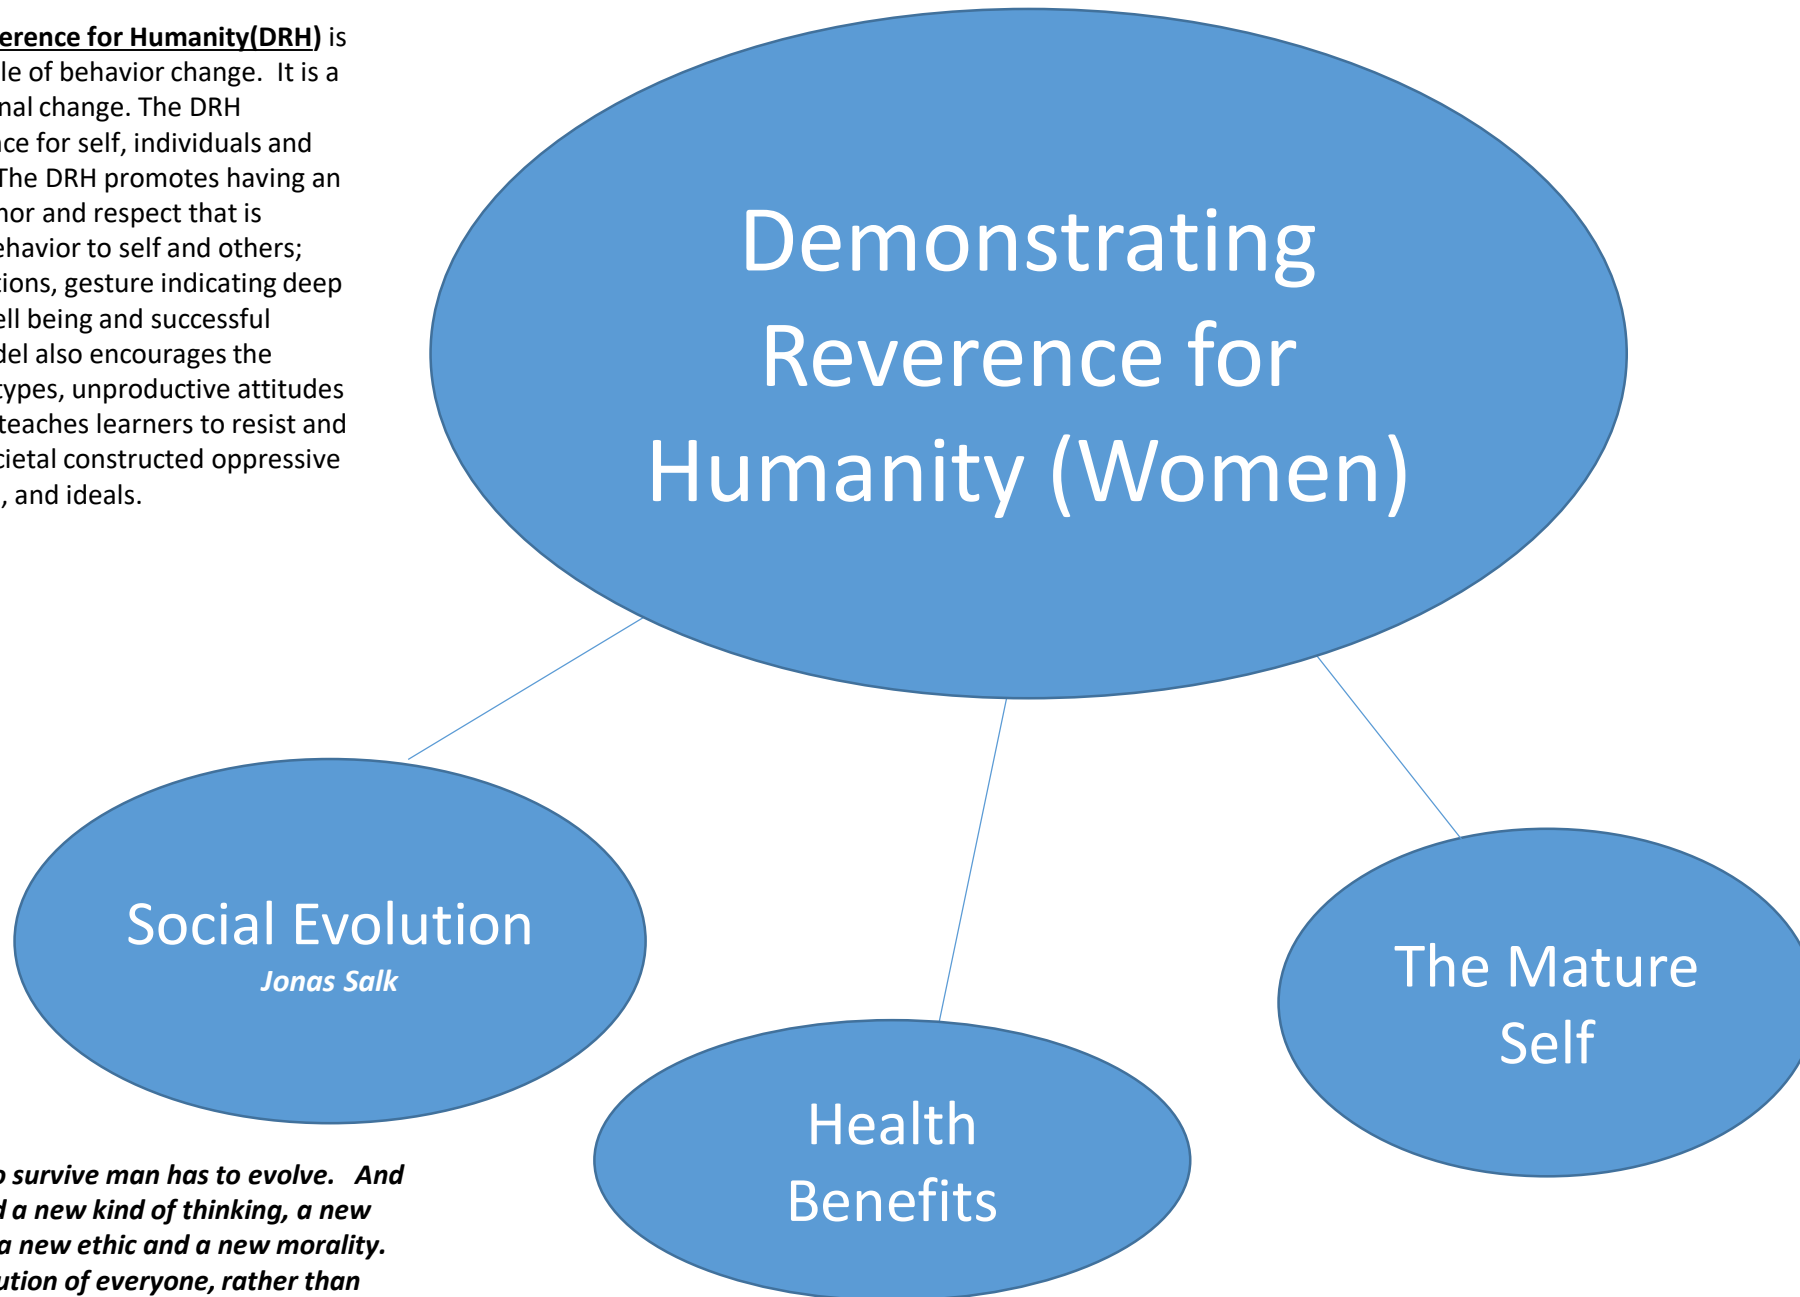

**The Freedom Remedy** is the method for examining and releasing three hindrances to human evolution: 1. Deep internalized race beliefs 2. Gender stereotyping, 3. Learned socialize trends. Through Examining and eradicating these three social hindrances give rise to the need for the individual to install new knowledge, information and beliefs, socially and psychologically. The next step in this process is to assist the individual in understanding and acting on the sacredness and royalty of one's humanity as a free, responsible, and innately equal human being, while subject to the process of past social institutional construct.

**Freedom from What?**

The freedom remedy empowers an individual to take action and free themselves from traditional and normal race beliefs. Freedom from Internalize hidden core beliefs that limits an individuals from living as the most excellent race. In short, freedom from unconscious limiting beliefs about self and perceptions of race that blocks social unity of one race. It aids in removing the learned social blocks to **discovering and freeing the Great Self!**

**Demonstrating Reverence for Humanity(DRH)** is an integrated module of behavior change. It is a module for intentional change. The DRH emphasizes reverence for self, individuals and especially females. The DRH promotes having an attitude of deep honor and respect that is demonstrated by behavior to self and others; through positive actions, gesture indicating deep concern for ones well being and successful outcomes. The model also encourages the "Release" of stereotypes, unproductive attitudes and behaviors, and teaches learners to resist and release targeted societal constructed oppressive thoughts, behaviors, and ideals.

*In-fact, in order to survive man has to evolve. And to evolve we need a new kind of thinking, a new kind of behavior, a new ethic and a new morality. It will be the evolution of everyone, rather than survival of the fittest. – Jonas Salk, La Jolla, CA (1984)*

**Community Agent Training** is a community service training which include certificate in the Freedom Remedy and on how to serve in a community. And, to accept and take on responsibility for maintaing & improvements in a community. Which includes an understanding of the needs of the community, knowing activities and resources available in the community and obtaining the skills to meet the responsibility and needs of the community and fulfilling civic duty.

**The Sacred Sisterhood of Women** is more than one female that supports females as the “Key” to family administration; and who have applied Freedom Remedy beliefs and are instilling in their children a conscious understanding of human excellences, racial equality, reverence for humanity-especially for women; thereby nurturing children to know their human capacities and potential to become a great problem solver and change agent in their home, community and city.
