May 11, 2026

Ya'at'eeh and Greetings!

The Division of Natural Resources (DNR) is excited to announce its “**DNR EXPO 2026 II**”, scheduled for June 30-July 1, 2026, at the Henderson Fine Arts Performance Hall at San Juan College in Farmington, New Mexico. This year’s theme, “**Preservation of Natural Resources through Innovation**,” reflects our continued commitment to educate our local community leadership with project development tools and environmental clearance requirements to enhance their community land use plans for economic, commercial, residential, and range management development across communities within the Navajo Nation.

The “**DNR EXPO 2026 II**” is designed to provide valuable, first-hand information to local governance officials and community members on essential processes such as Right-of-Way clearances, Services Line Agreement (SLA), Tribal Access Authorization (TAA), Environmental clearances for Cultural Resources and Biological Compliance approvals. Attendees will also have direct access to DNR departments and services that support long-term sustainability and prosperity throughout the Navajo Nation.

On behalf of DNR, I invite your company to be a part of the “**DNR EXPO 2026 II**” event as a sponsor. Your valued sponsorship provides an excellent opportunity for your company to gain visibility and demonstrate your commitment and partnership to the cause of natural resources improvement and infrastructure development.

As a valued sponsor, your organization will receive recognition throughout the event, including logo placement on event materials and DNR Expo website, as well as acknowledgment during conference sessions. DNR will designate a booth for your company to showcase their initiatives, commitment to natural resources development, and disseminate information.

Please find the sponsorship levels outlined on attachment. We sincerely appreciate your consideration and look forward to your partnership with the Navajo Nation Division of Natural Resources. Ahehee’.

Best Regards,
