

I love healing touch... it is ALL That...it is Everything!

it is Sacred Soul Medicine!

I will provide a flowing fusion of creative therapeutic touch that is especially choreographed for YOU: Mind, Body and Spirit. An integrative bodywork session is a holistic combination of *Reiki, Shiatsu, Swedish and Thai Massage techniques*. I will mindfully move with your body to open locked muscles, free energy blockages, relieve tension and soothe stress thereby boosting the immune system and increasing flexibility and range of motion. Your session will end in the grounding sounds of tuning forks, drums, chimes and Crystal/ Tibetan bowls.

It is my honor and sincere pleasure to assist you on your healing journey. I look forward to sharing the love of bodywork. ***Manifesto: Live 4 Love!!***
