Assessment and Counseling

PSYCHOEDUCATIONAL ASSESSMENT

Our comprehensive psychoeducational assessments determine student eligibility for IEP or 504 supports. This service includes a thorough review of records, interviews, observations, cognitive testing, processing assessments, and social-emotional evaluations. We provide a parent-friendly, legally defensible report and participate in up to 2 hours of IEP/504 meetings to ensure seamless support.

\$1500

CONSULTATION SERVICES

Our consultation services offer expert problem-solving for student needs and special education supports, services, and programming. We collaborate with school staff to develop effective strategies and solutions tailored to each student's unique requirements.

\$125/hour

PARENT & STAFF TRAINING

We provide specialized training for parents and staff on a variety of critical topics, including behavior management, mental health, suicide prevention, and special education/504 processes. Our training sessions are designed to empower and educate, fostering a supportive and informed school community.
