Local Brevities.

—The diagram for "Billee Taylor" and "Patience" will open this morning at Brown's book store.

—On Tuesday, Martin Graily, a driver in the Enterprise mine, was kicked by a mule and slightly bruised.

—The Wilkes-Barre Musical League will meet at the Saengerbund Hall Saturday evening for rehearsal.

—William Curtise was bruised on the back by falling before a loaded coal car in the Enterprise mine, on Tuesday.

—One of the most tastefully decorated windows in the city is that of Capt. T. C. Parker. Words fail us to describe it. Go and see it.

—In speaking of the new coal works at Sugar Notch we should have said that the breaker has recently been erected and the slope sunk, and not will shortly be.

—John Beebee was prostrated by a stroke of paralysis on Wednesday. He has lain in an unconscious condition ever since, and it is doubtful if he will live many hours.

—Col. Francis Parker, of Boston, is staying at the Exchange Hotel. He will address the Institute to-day, both morning and evening. School directors will be especially interested in what he has to say.

—The first annual ball of the Keystone Social Club took place last night in Landmesser's Hall. A merry time was enjoyed, especially over the clog dance contest for the silver cup. Dennis Gallagher was the successful contestant.

—Professor Philip Blumenschine, recently of this city, but lately living in Easton, fell on a slippery pavement in that city on Thanksgiving day and suffered a fracture of the leg, from the effects of which he died in the St. Luke's Hospital, Bethlehem, on Tuesday last.

—Col. Francis W. Parker, who lectures at Music Hall to-night on "Methods of Teaching—New and Old Compared," is a well known educator, and our citizens should avail themselves of this opportunity of hearing him. The admission to the general public is only twenty-five cents.

—The congregation of St. Stephen's Church will worship on Christmas day in the Memorial Presbyterian Church at 11 o'clock. Service will be held on Sunday in Music Hall at 11 a. m. and 7:30 p. m. Bishop Stevens, of Philadelphia, will preach on Sunday evening and Christmas morning. The children's Xmas service will be held in Music Hall on Tuesday at 5:30 p. m.

—The popular song in Billee Taylor, "All on Account of Eliza," which has been received with so much enthusiasm wherever the opera has been produced, will be sung at its best in connection with all the other catchy airs, by the Philadelphia Church Choir Company, at the matinee performance on Christmas. In the evening the successful æsthetic satire, Patience will be presented.

—Tom Keene, whose portrayal of the character of "Macbeth" is said to be a wonderful performance, will be at Music Hall with his magnificent company of Metropolitan artists next Thursday, December 28th. Mr. Keene [illegible]

AMUSEMENTS.

[illegible]

The City Hospital.

The lady managers know that it is only necessary to say to the generous public that the numerous patients in the institution are looking for the good cheer of Christmas, and that the managers are confident they will not be disappointed. Let turkeys, chickens, fruit and other good things flow in upon them, so that these suffering ones may have Christmas cheer even on their beds of pain. Some toys for the three or four children, games for the convalescents, and cards for all, will make Christmas come to all their hearts. Anything sent to DeMunn's New York Tea Store will be promptly forwarded.

NEW PUBLICATIONS.

We have just received the first volume of the authorised edition of the Works of President James A. Garfield, which will be complete in two handsome octavo volumes, containing the most valuable speeches and papers of the late President—more than one hundred in number. These include five groups, speeches in Congress, political addresses, legal arguments, literary papers and magazine articles, covering all the great subjects that Mr. Garfield discussed with such signal ability, and including the most important intellectual efforts of his life. The Works are edited by Burke A. Hinsdale, for many years Mr. Garfield's intimate friend and companion; who has enriched them with a valuable historical commentary, and other notes based on his thorough familiarity with the late President's habits and modes of thought.

This work was intrusted to Mr. Hinsdale by Mrs. Garfield herself, who naturally desires to have the authorised edition of her husband's works, the imperishable monument by which he is to be known to the coming centuries, in all respects authentic, clear, and reliable. No pains or expenses have been spared to make these volumes in every way worthy of the matter they contain; they have been printed from new and clear type, in the best style of the University Press, and handsomely and substantially bound. Two new steel portraits have been engraved specially for the Works from photographs selected by Mrs. Garfield, one of which was taken at the time of General Garfield's election to the Presidency, and the other at the period of his leaving the army and entering the House of Representatives.

Messrs. J. R. Osgood & Co., of Boston, are the publishers. The work is sold only by subscription through the general agent, Mr. F. S. Bogue, No. 878, Broadway, N. Y.

The Infants' Home.

While the two large and older benevolent institutions in our city are beautifully supplied for the Christmas feast, the managers of the Home for Infants feel confident that their twenty little ones will not be forgotten. Most of them can sit at the table and enjoy good cheer. Send them of your bounty and rejoice the merry little hearts with Christmas joy. Poultry and other good things will be gladly received at the little house on North Franklin street.

Medical.

Oh, My Back!

That's a common expression and has a world of meaning. How much suffering is summed up in it.

The singular thing about it is, that pain in the back is occasioned by so many things. May be caused by kidney disease, liver complaint, consumption, cold, rheumatism, dyspepsia, overwork, nervous debility, &c.

Whatever the cause, don't neglect it. Something is wrong and needs prompt attention. No medicine has yet been discovered that will so quickly and surely cure such diseases as BROWN'S IRON BITTERS, and it does this by commencing at the foundation, and making the blood pure and rich.

Logansport, Ind. Dec. 1, 1880.
For a long time I have been a sufferer from stomach and kidney disease. My appetite was very poor and the very small amount I did eat disagreed with me. I was annoyed very much from non-retention of urine. I tried many remedies with no success, until I used Brown's Iron Bitters. Since I used that my stomach does not bother me any. My appetite is simply immense. My kidney trouble is no more, and my general health is such, that I feel like a new man. After the use of Brown's Iron Bitters for one month, I have gained twenty pounds in weight. O. B. SARGENT.

Leading physicians and clergymen use and recommend BROWN'S IRON BITTERS. It has cured others suffering as you are, and it will cure you.
