

# Adopt a Penguin

## Help an Artist Shine On Stage and adopt a penguin for \$100

The Penguin Project of Central Wisconsin is proud to offer an inclusive theatrical experience for youth with special needs, pairing each artist with a peer mentor in a supportive, creative environment. There is no cost for artists or mentors to participate in the program.

By adopting a penguin for \$100, you help cover the cost for each artist and mentor to receive a show shirt, costumes, hair and makeup, and other essential production expenses. Your support ensures that every participant can take the stage with confidence, dignity, and joy—without financial barriers and directly supports one artist or mentor during the Penguin Project production.
