

One Day Workshop

How to repurpose commercial buildings and airspace into residential homes.

SATURDAY 24 FEBRUARY 2024

GUILDFORD HOLIDAY INN

9:30 – 17:00

Ian Knight and his staff at Knight Architectural Design have undertaken lots of conversion and upward expansion schemes over the past 20 years. Ian will draw on that bank of knowledge and experience to outline how to set out and achieve success from A to Z with commercial and air space conversions.

What will you come away with from the workshop...?

- A much better idea of what to search for in your local area
- Structures and layouts to look for – and those to avoid
- A clearer understanding of how to maximise the potential value of a building
- Advice on how to be successful in getting planning approval
- Better insight into key finance and logistic parameters
- How to deliver a project on time and on budget!

Special Offer: £199 (no VAT) including lunch, refreshments & free parking.

Or bring a colleague and pay £299 (no VAT) for two...!
