WELCOME TO OUR WORLD

PROFILE

CarryOn is not merely a brand; it is the embodiment of an enduring legacy characterized by innovation, opulence, uncompromising quality, and unwavering commitment to service excellence. Each day, we embark on a new journey, driven by our resolve to forge fresh pathways, adapting to the ever-evolving zeitgeist. With the spirit of artisanal craftsmanship at our core, we relentlessly pursue perfection through the synergy of captivating aesthetics and cutting-edge technology.

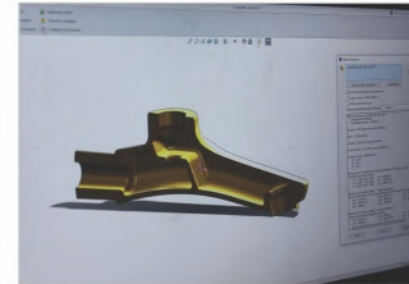

At CarryOn, our products are meticulously crafted to harmonize form and function seamlessly. Our lineage is steeped in the art of manufacturing top-tier products; it is woven into our very DNA. As one of India's preeminent manufacturers and suppliers of C.P. bathroom fittings, serving diverse regions across the nation, our highly qualified team of professionals stands ready to provide unparalleled post-sale support. Customer satisfaction is paramount to us, and thus, we back our products with a lifetime warranty, a testament to our unwavering commitment to excellence.

CarryOn's dedicated design team tirelessly pursues metamorphosis and innovation to ensure our patrons receive products that embody both value and quality. With each passing moment, we add to our ever-growing legion of contented customers. Indeed, CarryOn is synonymous with pragmatism and tradition, manifesting in a range of functionally-oriented products designed to enhance everyday life.

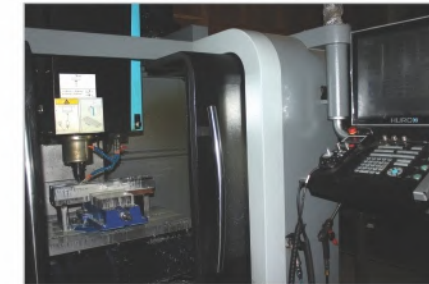

Since our inception in 1992, CarryOn has traversed a remarkable 31-years journey, brimming with accomplishments and triumphs. Our mission is to continue serving our customers even more impeccably in the years ahead, as we firmly believe that there is always room for improvement. Having stood the test of time, we understand that not every shower is the same. Sometimes, you seek more than a mere quick wash; you yearn for indulgent relaxation after a long, arduous day. Our products are meticulously engineered to enable you to rise to the challenges of peak performance and find solace in rest and recuperation after a strenuous day. CarryOn isn't just a brand; it's a partner in your pursuit of excellence and rejuvenation.

RISE
Rings In Square Ends

RISE is a completely new archetype, original in its design and original in the way it delivers water. It is a formal sculpture, never before created. For people who never see boundaries and an end but always as the start of something new.

Suave

A single mechanical element, repeated and varied in a compositional play of components, gives rise to innovative taps that attracts attention and focuses emotions. This is Suave: a simple idea based on an archetypal concept of the tap and its function. A perfect union of mechanics as aesthetic expedient, Suave presents a subtle play of modular, sectional and flexible elements- a new way to live your bathroom.

We are always looking for new shapes to inspire new ideas. This time, an abstract reference has been the starting point for the Candy series which we feel is purely magical. With its structural design, the soft consistent circular radius remains the basic shape from which this designs emerges, with its individual parts and proportions recapturing the style in a perfect mix.

Classics bathe fittings' shape commands attention and is an invitation to touch. The product's seamless operation complements its sculptural appearance. A pure jet of water is released. It conveys clarity and an overall sense of grace and tranquility. Inspired by modern life, the contours are distinctive, while the overall impression of the collection is elegant - less of a tribute to the spirit of the times and more of a homage to design. This is exactly why Classics is so easily integrated in many different bathroom interiors and lifestyle. Almost incidentally, it represents the high art of timeless modern design.
