BIO

Life Coach, International Consultant, Speaker/Preacher and Mentor, Apostle Paul, from the tribe of Benjamin (Rev. Paul Benjamin Sr.) is the author of the Book, **"No Child Without A Dad."** ("Larry Elder in 3D"). He is a second-generation minister, servant leader and founder of Central Florida Dream Center, Life Centers Global, and Positive Influencers LLC. Paul's dad pastored for many decades.

He is the fourth of eleven children. Paul experienced the miraculous, and his life was spared several times by the sovereign hand of God. At five years old, Paul was paralyzed due to polio. The doctors had given up all hope, but his dad called on a greater doctor and Jesus healed him. He and his wife Dawn have a blended family with six children and eight grandchildren.

Two key spark events; the shooting death of a 15-year-old friend by a fatherless young man that occurred 5 inches away from his son and the shooting death of Trayvon Martin which happened about 500 yards from his former home in Sanford Florida. These events further validated Paul's mandate to use his book to spark a movement that would bring hope and healing to America and the world.

With over 30 million fatherless children in America, Paul's vision is to see ten plus million men raised to become mentors representing a godly father figure to these children. In support of this vision, the former mayor of Sanford, FL, Jeff Triplet, and a former president of Promise Keepers, Dr. Raleigh Washington, echoed the need. During a press conference in 2013, they shared the need for mentors for the fatherless across our nation.

Paul has been ministering in communities for over 40 years. He is a conference and seminar speaker, he preaches in churches across America. He Motivates, Encourages, and Equips individuals, churches, and organizations to impact their communities through his three-pronged strategy: Spiritual, Social, and Economic = Renewal. He is coaching and consulting with pastors and community leaders on effective city-reaching and impact strategies. Paul has had numerous opportunities to share these principles on radio, television, and other media outlets. He is available to speak at events and various media interviews.
