BIO

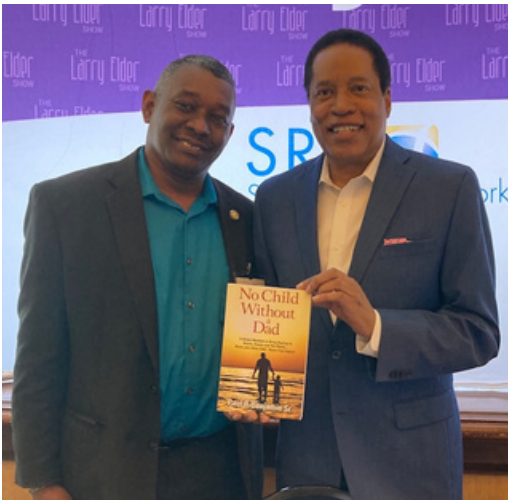

Life Coach, International Consultant, Speaker/Preacher, and Mentor, Apostle Paul, from the tribe of Benjamin (Rev. Paul Benjamin Sr.) is the author of the Book "No Child Without A Dad." ("Larry Elder in 3D"). He is a second-generation minister, servant leader, and founder of Life Centers Global, Paul's dad pastored for many decades.

Paul was paralyzed due to polio. Jesus healed him. He and his wife Dawn have a blended family with six children and eight grandchildren.

Two Key Spark Events

The shooting death of a 15-year-old friend by a fatherless young man occurred 5 inches away from his son, and the shooting death of Trayvon Martin happened about 500 yards from his former home in Sanford, Florida. These events further validated Paul's mandate to use his Book to spark a movement that would bring hope and healing to America and the world.

With over 30 million fatherless children in America, Paul's vision is to see ten plus million men raised to become mentors representing a godly father figure to these children. Former Mayor of Sanford, FL, Jeff Triplet and past President of Promise Keepers echoed the need.

Paul has been ministering in communities for over 40 years. As a conference and seminar speaker, Paul preaches in churches across America. He Motivates, Encourages, and Equips individuals, churches, and organizations to impact their communities through his three-pronged strategy: Spiritual, Social, and Economic = Renewal.

He is coaching and consulting pastors and community leaders on effective city impact strategies. Paul has had numerous opportunities to share these principles on radio, television, and other media outlets. He is available to speak at events and various media interviews.
