My name is Alicia.

My job is to talk to people about relationships and sexuality.

I can help you learn about relationships and sexuality.

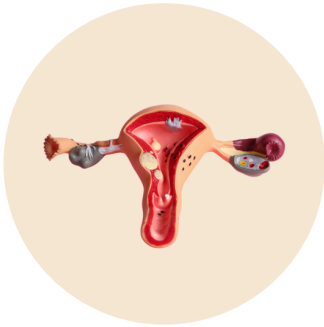

I can also help you with your goals about relationships and sexuality.

There are lots of different things you can talk to me about.

You can talk about:

- Friendships
- Romantic relationships
- Your feelings about who you like
- Dating
- The body
- Periods
- Having sex
- Keeping safe when having sex
- Consent
- Having a baby

You can also talk to me about other things about relationships and sexuality.

I can meet with you:

- At my office in Burwood
or
- Online

I might also be able to meet you in your home if you live in Sydney.

The cost for seeing me can come out of your NDIS funding if you have 'Improved Daily Living' in your NDIS plan.

Before saying yes to having sessions with me, I can meet you online for a short 'meet and greet'.

This means you can ask me questions about the sessions and talk about your goals.

This is free.
