The Total Project Cost shall not exceed the proposed Total Project Award amount subject to best and final negotiations between the successful bidder and EBKI preceding contract award. The Contractor shall propose a Total Project Cost “not to exceed” amount for any and all required equipment, materials, supplies, fieldwork activities, and project management, and any and all documentation required by the funding agency, that is less than or equal to the Contract Award amount. (c) The Project Site is the Ewiiapaayp Indian Reservation Tribal community that is the “Big Ewiiapaayp” section of the Reservation. The Big Ewiiapaayp section is southeast of Mt Laguna in the Laguna Mountains of eastern San Diego County, CA. This section of the Reservation is off-grid to the public electric transmission grid provided by San Diego Gas & Electric Company, which is wholly owned by Sempra Energy, a franchise public utility that owns transmission facilities in the market operated by the California Independent System Operator Corporation, which has an open access transmission tariff (“OATT”) on file with the Federal Energy Regulatory Commission (“FERC”). The Reservation elevation is between 5,000 ft and 6,400 ft. The Reservation community is in a narrow valley between three steep ridge lines, and is accessed by a single lane dirt road of approximately twelve (12) miles. The access road is a U.S. Forest Service private road for 11+ miles and a private road across a parcel owned in fee for the remaining segment to the Reservation south gate. This is a steeply graded dirt road beginning at Interstate 8 in San Diego County at the Kitchen Creek/Cameron Road interchange, which is known as La Posta Truck Trail, and becomes Thing Valley Road for the remaining approximately ten (10) miles to the Reservation gate.

(d) The Project Site does not have utilities, including no electricity and no water. The Contractor must provide any materials and supplies necessary to conduct and complete all Project activities. The Contractor must provide a portable toilet in a number needed for use by Contractor personnel.

The septic systems shall be a combined treatment and dispersal, passive, onsite wastewater treatment system that treats and disperses wastewater. The septic systems shall require no electricity, replacement media, or additional maintenance, and shall be adaptable to configurations for sloped or curved sites. GENERAL PROVISIONS

Purposes of Contract. The Ewiiapaayp Band of Kumeyaay Indians (EBKI), hereinafter the "Tribe" or "EBKI", is currently accepting responses to this Request for Proposal (RFP) for: (1) the Project Site; and (2) Total Project Costs shall not exceed the proposed Project Award amount. The Contractor shall propose a Project Award amount, and that shall in total be subject to the Total Project Award amount.

Contract Price

Contractor shall be paid the amount the Contract Price of the Project Award amount for the performance of the Contract. The Contract Price is determined by the bid made by Contractor, and accepted by the EBKI, (hereinafter referred to as "Contractor's Bid and Proposal"), which is the Contract Award amount less any payments made directly by the Tribe to vendors for purchase of construction material, supplies, or systems. The Contract Price shall be paid to Contractor pursuant to Section 1.06 entitled "Method of Payment". If the Contract Price includes allowances, and the cost of performing the work is less than the allowance, the Contract Price shall be decreased accordingly through a written change order.

SECTION 1 - TERMS AND CONDITIONS

1.1 Statement of Work. Contractor shall furnish all management, engineering, labor, materials, supplies, systems, machinery, equipment, and services, less any materials, supplies, and systems purchased directly by the Tribe. Contractor shall perform and complete in a satisfactory and workmanlike manner construction work on the Project Sites and Property as described in the Contract documents. Contractor shall manage, supervise, and direct the work and shall be fully responsible for all construction means, methods, techniques, sequences, and procedures and for the coordination of all portions of the Work under Contract. All materials shall be new, unless otherwise specified, and of good quality and title. All workers and subcontractors shall be skilled in their trades.

1.2 Notice to Proceed and Time for Completion of Work.

(a) A written "Notice To Proceed" must be issued by the EBKI or their designated representative prior to commencement of work.

Work shall not commence until Contractor has received this Notice. If such Notice is not issued within ninety (90) days from the date this contract is executed, Contractor has the option of withdrawing his/her Contract and Bid and Proposal, unless a written time extension is agreed to by both parties. Work under this Contract shall commence within ten (10) business days after the date the Notice To Proceed is issued and shall be completed within one hundred and eighty (180) calendar days after the date the Notice To Proceed is issued ("Contract Time").

(b) In agreeing to complete the work within the Contract Time, Contractor has taken into consideration and made allowance for ordinary delays and hindrances incident to such work,

whether growing out of delays of common carriers, delays in securing materials or workers, changes, omissions, or otherwise.

(c) Contractor shall be excused for any delay in completion of the Contract caused by acts of Nature, acts of EBKI or EBKI's Agent, inclement weather, wet or muddy grounds, acts of public utilities, public bodies or inspectors, extra work, failure of EBKI to make progress payments promptly, or other contingencies unforeseen by Contractor and beyond the reasonable control of Contractor, except for ordinary delays specified in Section (b) above; provided, however, that contractor promptly (within two days) notifies EBKI, in writing, of the cause of the delay. If the facts show the delays to be excusable under the terms of the Contract, the time for completion shall be extended for a period equal to the amount of time lost due to such excusable delay.

(d) If completion of the Project is delayed beyond the completion date and some, or all of the delays are not excusable, the parties agree that Contractor shall reimburse EBKI for EBKI's actual damages for each day of delay which is not excusable.

(e) Time is of the essence in this Contract.

1.3 Contract Documents. This Contract shall consist of the general terms, conditions and references contained herein and the following documents ("Contract Documents"):

(b) Contractor's Bid and Proposal;

(d) All modification and addenda included in or attached to these documents prior to the execution of this Contract.

1.4 Method of Payment.

(a) Any request for payment, claim, or any other documentation submitted for the purpose of issuance of any payment, transfer, or allocation of funds under this contract or upon written request for payment submitted by Contractor and based on the progress of work and materials satisfactorily installed and in place at the time of the request for payment, as verified by EBKI and the EBKI's Representative. EBKI shall make, or cause to be made, progress payments to Contractor in accordance with the following:

- PRIOR written authorization and approval of EBKI's Representative.
- "Conditional Waiver and Release Upon Payment", from all subcontractors and persons supplying labor or materials to Contractor covered by the payment requested.

Such payments shall at no time represent more than ninety percent (90%) of the value of the work performed. Davis Bacon and Related Acts ("DBRA") documentation and Conditional Labor and Material Releases from all subcontractors supplying labor or materials to Contractor must accompany each request for payment.

(b) Final progress payment and payment of retention shall be made according to the procedures in Section 4 Acceptance / Project Closeout.

1.5 Changes. The EBKI may change the scope of the work required by the Contract Documents by adding or deleting work or materials, and the contractor shall perform the work under this Contract thus modified. The Contract Price and Contract Time shall be equitably adjusted. No changes, additions, or deletions to the specifications for the work to be completed under this Contract, or Contract Price or Contract Time, shall be made without a prior written change order, signed by EBKI, or the EBKI's Designated Representative, and Contractor. Each change order shall include a detailed description of the labor and/or materials to be added or deleted and shall state any changes to the Contract Price or Contract Time.

1.6 Indemnification. The Contractor shall indemnify, defend, and hold harmless the Authority from and against any claim of, or liability for, negligent acts, errors, and omissions of the Contractor under this contract.

Contractor agrees to investigate, defend, indemnify and hold harmless EBKI, their officers, employees and agents from and against any damage, liability, claims, demands, detriments, costs, charges, and expense (including reasonable attorney fees), and causes of action which the EBKI may incur, sustain or be subjected to for negligent acts, errors, and omissions of the Contractor under this Contract, including on account of loss or damage to property or loss of use thereof, or for bodily injury to or death of any persons (including but not limited to property, employees, subcontractors, agents, and invitees of each party hereto) arising out of or in any way connected with the work to be performed under this agreement.

The Contractor shall not be required to indemnify, defend, or hold harmless the EBKI for a claim of, or liability for, the independent negligent acts, errors, and omissions of the EBKI. If there is a claim of, or liability for, a joint negligent act, error or omission of the Contractor and EBKI, the indemnification, defense and hold harmless obligation of this provision shall be apportioned on a comparative fault basis. In this provision, "Contractor" and "EBKI" include the employees, agents and other contractors who are directly responsible, respectively, to each. In this provision, "independent negligent acts, errors, or omissions" means negligence other than in the EBKI's selection, administration, monitoring, or controlling of the Contractor and in approving or accepting the Contractor's work.

(2) Any property or work to be provided by the Contractor under this contract will remain at the Contractor's risk until written acceptance by the EBKI; and the Contractor will replace, at Contractor's expense, all property or work damaged or destroyed by any cause whatsoever.

1.7 Conflict of Interest. The parties to this Contract state that no present or former member or officer of the EBKI, and no employee of the EBKI who formulates policy or influences decisions with respect to EBKI, had or will have any direct or indirect interest, during his or her tenure or for one year thereafter, in this Contract or in any proceeds or benefits arising from this Contract.

1.8 Termination

(a) EBKI may, because of breach of the Contract by Contractor, terminate this Contract at any time by written notice to Contractor, provided EBKI has given Contractor prior notice of the conditions causing the breach and has given Contractor a reasonable opportunity to correct the breach. Such termination shall be effective in the manner and upon the date specified in such notice and shall be without prejudice to any claims which EBKI may have against Contractor. Upon receipt of such notice, Contractor shall, unless the notice directs otherwise, immediately discontinue all work and the placing of all orders for materials, facilities, and supplies in connection with the performance of this Contract and shall promptly proceed to cancel all existing orders and terminate all subcontracts insofar as such orders and/or subcontracts are chargeable to this Contract.

(b) Upon EBKI's termination of this Contract for breach of the Contract by Contractor, the Contract price shall be reduced by the amount of any and all claims which EBKI may have against Contractor for damages incurred by EBKI as a result of the breach, including the cost to EBKI to have the work remaining under the Contract completed by another Contractor. Such damage shall also include any reasonable attorney's fees and other costs incurred by EBKI in effecting the termination of the Contract or completion of the performance of the contract work. Any Contract funds remaining, including amounts retained from progress payments, or other amounts otherwise earned by Contractor but not yet paid by EBKI on the date of the termination, may be applied by EBKI to the damages which it incurred as a result of Contractor's breach. The balance remaining, if any, after full completion of the Contract work shall be payable to Contractor. If Contract funds as indicated above are insufficient, Contractor shall be liable for any unpaid balance.

Further, nothing herein shall be construed to waive the EBKI's sovereign immunity from unconsented suit against any claims by any parties, including the Contractor or third parties.

SECTION 2 - CONTRACTOR'S GENERAL OBLIGATIONS

Contractor shall be responsible for the following:

2.1 Insurance. As part of the consideration of this Agreement, Contractor agrees to purchase and maintain at its sole cost and expense during the life of this agreement insurance coverage as specified in "2.2", "2.3", and "2.4" described below. All insurance coverage shall be placed with insurers that have a Best rating of no less than B+: XII; and are admitted insurance companies in the State of California. All other insurers require prior approval of EBKI.

2.2 General and Automobile Liability. Combined single limits of not less than One Million Dollars (\$1,000,000) per occurrence and One Million Dollars (\$1,000,000) aggregate of General Liability and One Million Dollars (\$1,000,000) per occurrence of Automobile Liability insurance, including Bodily Injury and Property Damage. Approval of the insurance by EBKI or acceptance of the certificate of insurance by EBKI shall not relieve or decrease the extent to which the Contractor may be held responsible for payment of damages resulting from Contractor's services or operation pursuant to this Agreement, nor shall it be deemed a waiver of EBKI's rights to insurance coverage thereunder.

Alternately, EBKI may purchase such required insurance coverage, and without further notice to Contractor, EBKI may deduct from sums due to Contractor any premium costs advanced by EBKI for such insurance.

Contractor warrants that all materials, fixtures, and equipment furnished by Contractor and its subcontractors shall be new,

of good quality, and of good title, and that the work will be done in a neat and workmanlike manner. Neither any payment nor occupancy of the Property by EBKI shall constitute an acceptance of work not done in accordance with the Contract or relieve Contractor of liability in respect to any express warranties or responsibility for faulty materials or workmanship. Contractor shall promptly remedy any defects in the work and pay for any damage to other work resulting therefrom which may appear within a period of one year from the date of final acceptance of the work unless a longer period is specified. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment, recruitment advertising; layoff or termination; rate of pay or other forms of compensation; and selection for training, including apprenticeship. 2.5 Davis-Bacon Requirements. Davis-Bacon requirements may be applicable to this Contract at the discretion of the Tribe or as required by the funding department or agency.

2.6 BABAA Requirements. Contractor shall include Manufacturer's Certification for BABAA requirements with all applicable submittals. If a specific manufacture is used in the bidding, a statement that Manufacturer will comply with BABAA must be included with the bid submission. Contractor shall comply with BABAA requirements, including coordination with manufacturers, distributors, and suppliers to correct deficiencies in any BABAA documentation.

Engineer/Architect approval of shop drawings or samples shall include review of BABAA documentation. Contractor shall certify upon completion that all work and materials have complied with BABAA requirements.

For any change orders, Contractor shall provide BABAA documentation for any new products or materials required by the change.

Installation of materials or products that are not compliant with BABAA requirements shall be considered defective work. Contractor should ensure that Engineer/Architect has an approved Manufacturer's Certification or waiver prior to items being delivered to the project site.

By submitting an application for payment, based in whole or in part on furnishing equipment or materials, Contractor certifies that such equipment and materials, to contractor's knowledge, are compliant with BABAA requirements.

SECTION 3 – EBKI's GENERAL OBLIGATIONS:

EBKI shall be responsible for the following:

3.1 Monitor all work performed under this Contract and inspect the work for acceptance prior to each progress payment and the final payment. EBKI shall disburse all required payments expeditiously. EBKI shall not permit any changes, additions, or deletions to this

Contract or the Contract Documents without prior, written, mutual approval of Contractor and EBKI. Any change orders must be signed by EBKI and Contractor.

3.2 Cooperate with Contractor to facilitate the performance of work, including the removal and replacement of rugs, coverings, and furniture as necessary.

3.3 Permit Contractor to use, at no cost, existing utilities such as light, heat, power, and water necessary to carry out and complete the work.

3.4 The EBKI and Contractor will mutually agree whether housing units are to be occupied or unoccupied during the course of the work.

4. ACCEPTANCE / PROJECT CLOSEOUT

4.1 Inspection. Upon receipt of a notice from Contractor that the Project is completed and ready for final inspection and acceptance, Contractor and EBKI's Representative will meet at the Project Sites. If deficiencies are noted other than minor "punch list" corrections, Contractor shall be responsible for correcting or completing the items identified within five (5) business days and prior to EBKI filing of a Notice of Completion.

4.2 Notice of Completion. After EBKI determines that all materials to be installed and all work to be performed under the Contract has been completed, except for minor "punch list" corrections, EBKI will, upon written request of the Contractor, sign a Notice of Completion with the Contractor's State License Board and cause it to be filed with the County Recorder of San Diego County.

4.3 Final Progress Payment. When all work, except for minor "punch list" corrections, has been completed, Contractor shall submit a request for the final progress payment. EBKI shall approve a payment in an amount to bring the total payments to Contractor to ninety percent (90%) of the value of the work completed under the Contract to the satisfaction of EBKI, provided Contractor has provided the following:

(a) A signed "Unconditional Waiver and Release" form.

4.4 Release of Retentions. Payment of sums retained, except those retained for cause, shall be made to Contractor not sooner than thirty (30) days after recordation of the Notice of Completion, provided the following occur:

(a) Submission of a "CONTRACTOR'S WAIVER AND AFFIDAVIT" is received from Contractor,

(b) No claims against Contractor have been filed with EBKI prior to the expiration of the thirty days and;

(c) Contractor has fully complied with all RFP and Contract requirements. Until any such claims have been satisfied or released, sufficient funds shall be withheld from the sum due Contractor to satisfy such claims. If corrective or repair work remains or documentation is outstanding after such thirty (30) day period, EBKI may withhold sufficient amount to pay for completion of such work.

4.5 Payments by EBKI to Third Parties. If Contractor fails to make payments required under this Contract to suppliers of materials or labor, EBKI shall not be responsible for any claims against the Contractor; however, EBKI, at its sole discretion, may make such payments on Contractor's behalf, and Contractor shall reimburse EBKI on demand for the amount actually paid by EBKI. See Section 5 below.

5. DISPUTE RESOLUTION

Any dispute that arises under this Contract, and which remains unresolved for fifteen (15) working days after notice in writing of the dispute by either party, shall be settled by mediation between the parties.

6. COVID-19 PROVISIONS

6.1 Price Volatility and Increased Costs Due to COVID-19. The parties acknowledge that some of the materials and products to be used and installed in the construction of this project may become unavailable, delayed in shipment and/or subject to price increases due to circumstances beyond the control of the Contractor, including the COVID-19 pandemic. If a specified product is unavailable or shipment is delayed, Contractor shall provide to EBKI written notice within two (2) business days of occurrence and EBKI will consider additional time and substitute products and approval shall not be unreasonably withheld. If there is an increase in price of materials equipment or products between the date of this Contract and the time when the Project work for the installation of the affected material is subject to this provision.

6.2. Delays and Extensions of Time. Subject to timely written notice of the event causing the delay and information as to how an unexpected event beyond the Contractor's control is impacting the Contractor's ability to perform the work required under this Agreement. If the Contractor is delayed at any time in the commencement or progress of the Work by (1) an act or neglect of the EBKI, of an employee of either, or of a Separate Contractor; (2) by changes ordered in the Work; (3) by labor disputes, fire, unusual delay in deliveries, unavoidable casualties, or other causes beyond Contractor's control; (4) by delay authorized by the EBKI due to an amendment to the Contract; (5) by delay authorized by the EBKI pending mediation and binding dispute resolution; or (6) by other causes that the Contractor asserts and determines justify delay, then the Contract time may be extended for such reasonable time as a mutual agreement between the EBKI and Contractor may determine.

6.2.1. Claims relating to time shall be submitted by Contractor to EBKI no later than three (3) business days following its occurrence.

6.2.3. This Section 6 does not preclude recovery of damages for delay by either party under other provisions of this Agreement.

6.3 OSHA REQUIREMENTS

6.3.1. For the purposes of this Agreement the Contractor shall be subject to the U.S. Occupational Safety and Health Administration (OSHA) OSHA's recordkeeping requirements for an employer's obligation to record work-related cases of COVID-19 on OSHA injury and illness logs. The Contractor must record a case of COVID-19 as job-related if:

- a. It is a confirmed case of the virus (a positive test);
- b. It is "work-related" in that an event or exposure in the work environment either contributed to or caused an employee to contract the virus; and
- c. It results in death, days away from work, restricted work or transfer, or medical treatment beyond first aid.

6.3.2. The Contractor is not expected to undertake extensive medical inquiries, given privacy concerns and most employers' lack of medical expertise; however, in most circumstances, the Contractor should complete the following steps when aware of a COVID-19 case:

- a. Ask the employee how they believe they contracted the illness.
- b. Discuss with the employee, while respecting privacy concerns, the activities both inside and outside of work that may have led to the illness.
- c. Review the employee's work environment for potential COVID-19 exposure.

7. FORCE MAJEURE

The parties acknowledge that the potential effects of the coronavirus disease ("COVID-19") pandemic on the construction industry and the performance of construction projects are not yet fully known and are beyond the control of the parties. The effects of this pandemic may adversely affect the contractor's workforce, the supply chain for materials, the delivery of materials and/or otherwise adversely impact the contractor's ability to perform as planned, causing delays in the prosecution and completion of the work and the project. The parties agree that delays resulting from the effects of the COVID-19 pandemic are beyond the control of the parties, and if such delays occur, the contractor will be granted a reasonable extension of time and an equitable adjustment in the contract amount for the additional costs incurred by contractor resulting from the COVID-19 pandemic. Contractor shall give owner/general contractor written notice of delay it experiences due to the COVID-19 pandemic and any additional costs it incurs due to such delay.

8. MISCELLANEOUS PROVISIONS

8.1 Entire Agreement. The Contract Documents contain the entire agreement between the parties. No variations, modifications, or changes hereto shall be binding upon any party hereto unless set forth in a written document duly executed by Contractor and EBKI.

8.2 Waiver. No consent or waiver, express or implied, by either party to any breach by the other shall be deemed or construed to be consent or waiver to any other breach. Failure on the part of either party to complain of any act of the other party or to declare the other party in default, shall not constitute a waiver by such party of its rights hereunder. No payment under this Contract will be interpreted so as to imply that EBKI has inspected or approved the work performed by Contractor.

8.3 Successors and Assigns. The provisions of the Contract bind both parties and their successors and assigns. Contractor shall not assign this Contract written notification to, and the written consent of EBKI.

8.4 Governing Law. This Contract and obligations of the parties hereunder shall be interpreted, construed, and enforced in accordance with the laws of the applicable laws of the Tribe, state, or federal government.

8.5 Bankruptcy. If Contractor becomes bankrupt, or makes an assignment for the benefit of creditors, EBKI has the right to cancel this Contract and have the work completed by others.

8.6 Donations of Materials and Labor. The Contractor agrees to use donated materials and volunteer labor where appropriate and providing it will not unduly compromise the quality of the finished product, and to reduce the bid/contract amount accordingly. The savings which result from using volunteer labor and donated goods and materials will be applied to the bid/contract amount.
