****WEATHER PERMITTING****

When we have a lot of rain the landfill road gets slippery and it's easy to get stuck and make ruts, therefore it will not be open if we have had heavy rains.

ALSO PLEASE REMEMBER:

The landfill is open for organic material only – tree branches, leaves, grass clippings, garden waste, etc.

NO BAGS ALLOWED

The Landfill area is monitored by surveillance cameras. If this service is abused, it will be discontinued immediately.

If you have garbage, you must take it to the City of Yorkton landfill.
