TESTIMONIALS

I have known and worked with Paul and Rob from Twin Strokes Painting since 2015. Twin Strokes have completed all projects with us with the greatest care and workmanship. They are always accommodating with finishing to deadlines and making the job easy. The guys are both really nice and easy to work with. We will be using them for many years to come.

Kevin Wang

Builder, Two Three Building Group

I have worked closely with both Paul and Rob for nearly five years across childcare and community centres, high end residential and more. I cannot speak more highly of them from the professionalism they show at tender stage right through to the construction and finishing stages.

The quality of finish that Twin Strokes provides on site is second to none and they are always happy to come back out to site to complete additional work or even do the fine detail touch ups required when other trades are leaving the building and might knock a wall or two.

I would strongly recommend Twin Strokes Painting and look forward to working closely with them for many years to come.
