EXPERIENCE

Owner / Manager

Dogtown Armaments — Denver, CO — dogtownarmaments.com | 2025 – Present

- Owner and manager of a multi-artist prop fabrication collective.
- All designs are created in-house using Nomad Sculpt.
- Design and fabricate props using both resin and plastic (FDM) 3D printing workflows.
- Manage all social media accounts; built and maintain the company website.
- Seasonal business; travel to conventions to vend on-site.

Full stack Software Engineer

Booz Allen Hamilton (Remote) | Jun 2022 – Jun 2025

- Collaborated and communicated effectively across distributed teams using Slack, Git-based workflows, and Agile tools to ensure alignment, transparency, and delivery efficiency.
- Maintained high code quality through automated testing with JUnit, test-driven development, Docker containerization.
- Designed and implemented scalable full-stack solutions using Java, JavaScript, Spring Boot, and React, integrating RESTful services and contributing to system architecture decisions.
- Contributed to UI/UX improvements and provided solutions for bugs, design patterns, and feature implementations.
- Leveraged DevOps practices, AI tools, and peer reviewed pull requests to boost development velocity and deployment reliability.

Software Engineer Intern

CPSI (Mobile, AL) | Oct 2021 – May 2022

- Collaborated on a 5-person team to deliver chatbot solutions for healthcare clients, improving patient engagement.
- Automated FHIR data deobfuscation with SSIS, enhancing database processing efficiency.

Information Technology Intern — Pensacon (Pensacola, FL) | Oct 2018 – Sep 2021

Seasonal, in-house IT specialist providing hardware, software, and network support.

Information Technology Consultant — Travers Consulting Inc. (Mobile, AL) | Aug 2016 – Oct 2018

On-site IT consultant for the USA W&C hospital network, providing guidance on improving system efficiency.
