FOR IMMEDIATE RELEASE

SEDI-CASE ANNOUNCES THE APPOINTMENT OF ALSHA HALBERT, LAWRENCE REED MORGAN JR., AND ANTHONY GLEN HARRIS TO STRATEGIC ADVISORY BOARD TO DRIVE ST. CROIX "THIRD WALL STREET" HUB

CHRISTIANSTED, ST. CROIX, USVI – The Sustainable Economic Development Initiative - Capital Access Support Ecosystem (**SEDI-CASE**) today officially announced the appointment of two highly distinguished industry leaders, **Alsha Halbert**, **Lawrence Reed Morgan Jr.**, and **Anthony Glen Harris** to its Strategic Advisory Board.

These high-caliber appointments represent a major step forward in executing the strategic alignment of the **St. Croix 3rd Wall Street financial district hub**. Their combined expertise directly accelerates St. Croix's trifecta capital markets connection to New York and the rapid expansion of South Florida's "Wall Street South" corridor—spanning Naples, Tampa, and Orlando—to position the U.S. Virgin Islands as a premier mid-stream nearshoring and onshoring powerhouse for the Caribbean and Latin America (LATAM). Deploying Specialized Expertise for Regional Integration.

The new board members bring highly targetable skill sets that map precisely to SEDI-CASE's core development pillars:

- **Alsha Halbert (Healthcare, Risk Management, & Compliance Infrastructure):** Serving as a Business Consultant, Risk Management, & Special Projects Manager at **Trust Triage**, and an alumna of the **University of Miami School of Business**, Halbert bridges a critical capability gap. Her deep expertise in financial services compliance and healthcare systems will guide the development of institutional-grade healthcare infrastructure and robust risk mitigation frameworks necessary to safeguard cross-border trade, technology, and regional corporate operations.
- **Lawrence Reed Morgan Jr. (Capital Markets, Private Equity, & Wealth Corridors):** As President of **L. R. Morgan Company** since 2001, Morgan has served as a seasoned equity partner specializing in capital markets, seed funding, and private equity mobilization. Based in the strategic wealth hub of **Naples, Florida**, and holding a B.A. in Finance from **Florida State University** (where he was a distinct member of the Finance League), Morgan will spearhead the deployment of mainland private equity directly into St. Croix's high-impact real estate, energy, and transportation projects.
- **Anthony Glen Harris:** Experience Lead Subsea Cable Fiber-Optics, Telecommunication, Data Centers Engineer, Field Operations, Specialist Manager, Hollywood FL and St. Croix USVI)

A Multi-Sector Blueprint for St. Croix and the Global Marketplace.

With Halbert, Morgan and Harris advising these initiatives, SEDI-CASE is uniquely equipped to unify mainland capital markets with St. Croix's territorial advantages, driving structural growth across several high-velocity sectors:

- **Mid-Stream Finance & Technology:** Facilitating seamless, compliant cross-border asset management and corporate treasury operations under the safety of the U.S. flag.**Energy & Transportation Infrastructure:** Structuring private-equity-backed capital to modernize St. Croix's sustainable energy grids and expand maritime/aviation logistics hubs.**Healthcare & Enterprise Commerce:** Scaling nearshore medical services and secure business ecosystems capable of serving multinational corporate workforces. **Real Estate Development & Travel:** Accelerating institutional-grade commercial, residential, and luxury hospitality construction. **Elite Golf & Sports Tourism:** Leveraging South Florida executive networks to anchor St. Croix as the premier Caribbean hub for executive retreats, championship golf tourism, and networking.This powerful intersection of corporate risk management and capital market execution ensures that St. Croix is fundamentally integrated to build a stronger, more resilient global marketplace.

About SEDI-CASE:
The Sustainable Economic Development Initiative - Capital Access Support Ecosystem (SEDI-CASE) is a forward-thinking economic driver established to facilitate capital formation, infrastructure modernization, and technological nearshoring in the U.S. Virgin Islands. By structuring strategic trade corridors between New York, Florida, and the Caribbean, SEDI-CASE fosters robust regional commerce and unlocks global financial opportunities for St. Croix.
