SEDI-CASE Appoints Former US Attorney David Marshall Nissman as Managing Director & Strategic Advisory Board Member for the development of 3rd Wall Street Financial District Hub St. Croix, Alexander Hamilton Opportunity Zone Fund Manager, and Global Financial Center, for the development of a regional hub for capital markets, financial services and investment.

U.S. VIRGIN ISLANDS — SEDI-CASE announces the appointment former US Attorney David Marshall Nissman, as Managing Director and Strategic Advisory Board Member for the development of the CASE Capital Markets–3rd Wall Street Financial District Hub and Alexander Hamilton Global Financial Centers, Alexander Hamilton Opportunity Zone Fund Manager, an initiative designed to establish St. Croix as a new center for capital markets, financial services and international investment, and the advancement and implementation of the USVI-Caribbean Americas Single Economy.

About David Marshall Nissman, former U.S. Attorney for the District of the Virgin Islands, has served as a Director of numerous companies, bringing years of expertise in federal compliance issues. He has served as CEO of banking and lending companies, has owned several financial service businesses and has also had a long career as a

published author. Nissman graduated magna cum laude from Emory University and later earned his J.D. from the University of Oregon. On April 18, 2002, Nissman was selected by President George W. Bush to be the 19th U.S. Attorney for the District of the Virgin Islands.

During his tenure the U.S. Attorney prosecuted many high-profile cases and after his retirement in 2004, the U.S. Attorney's Office Building on St. Croix was named the David Marshall Nissman Justice Center and Nissman was chosen as the Rotarian's Man of the Year.

Nissman was instrumental, first as the U.S. Government's representative and then on behalf of the VI Government and individual businesses, in designing compliant tax programs using the territorial economic development laws provided by Congress to the Territorial Governments. His unparalleled insight into the US government's thinking behind the U.S. Territorial tax incentives have helped bring business and economic development to both the Virgin Island and Puerto Rico. He also has written a number of the economic development statutes in place today in the Virgin Islands which PR studied in 2012 prior to the enactment of their economic development laws. He authored the Virgin Islands International Banking Entity statute and was then hired by the VI Division of Banking to write the rules which were subsequently signed by the Governor of the Virgin Islands.

As an expert in Caribbean economic development Nissman has advised many governments in the region on strategies to promote economic development within their borders. His legal treatises have garnered many awards including *Proving Federal Crimes* which was chosen by Amazon as one of the ten best law books of the year when it was published.
