

St. Croix Economic Development Initiative (SEDI) recently announced its SEDI-CASE: St. Croix Economic Community Revitalization Project Plan to address the socio economic distress of the physical structures, buildings, and all other infrastructure affecting the local community, businesses, organization and residents of the two (2) historic towns of Christiansted and Frederiksted. We must create a legacy economy for future generations to come and mitigate the high cost of living and food prices.

This is of significant consequences and in advance of SEDI-CASE's implementation plan of its macroeconomic regional public private partnership to assist in economic stimulation to spur local economic growth and open new markets opportunities for local USVI businesses, particularly St. Croix in creating a better economy of scale, and St. Croix becoming an emerging market, and as one of the three (3) major regional hubs throughout the Caribbean (Caribbean Americas Single Economy) to include Barbados and Trinidad and Tobago for international trade and commerce in partnership with Pleion Group Inc/Connect Caribe, a CARICOM Private Sector Organizations (CPSO) member.

SEDI-CASE & ICGroup as strategic partners are pleased to announce the opening of our new SCcORE, World  Trade Center Frederiksted, Frederiksted Hub, The ARCIPELO-TECH (STEM Research & Development) & Cumin-The Marketplace (The Marketplace Tv broadcast studio) facility, located at 2-B King Street in historic downtown Frederiksted, St. Croix USVI. It is imperative for both the government and the private sector to understand its collaborative dynamic role to establish a healthy and vibrant ecosystem! When the government, local businesses, and local residents do their part, it has a positive impact on the cost of living and a quality of life for the local economy and community. This is the intended purpose of establishing and launching the Frederiksted Hub & Cumin-The Marketplace. Confronting directly the high cost of living in the territory and throughout the region, opening new market opportunities, applying new innovative technology and alternative transportation shipping to affect the high cost of doing business and living! A catalyst for change and rebirth for new opportunities for St. Croix and the wider territory economically. Cumin-The Marketplace with over a 1 million consumer products and 300,000 in food items, in our inventory, and over 160,000 business members subscribers in our global marketplace from around the world , this will provide greater economy of scale to help generate more business opportunities for local businesses. (#ShopSmall & #ShopLocal)

The Marketplace Tv, a new innovative and dynamic connected television, will assist local and small businesses, podcasters to be spotlight, featured, and showcase their products and services, broadcasting live on OUR TV Network. Powered by Kalaloo Alliance Media Network broadcasting 24/7 365 days a year on Amazon Fire Tv, Android Tv, Apple Tv, ROKU, Google and iOS mobile apps, and rebroadcast on Tempo Networks (cable tv), WSTX-Bloomberg radio and www.OurTv.network
