

FEBRUARY & MARCH 2025

THE "SCOOP" & SCORE

SPRING IS ALMOST HERE!

One day it's snowing with temps in the 30s, the next it's sunny and 65! One practice in shorts, the next in a down jacket—welcome to springtime. Spring Break is around the corner, the grass will start to green up, and trees will begin to bud. The kids are already talking about moving up a grade, and with Daylight Savings Time kicking in on March 9th, we'll all be enjoying longer, brighter evenings. Winter sports are wrapping up, and that means one thing—**lacrosse season is ready to GO!**

GOOD LUCK to all the lacrosse players! From first-time 7v7 players to all of the high school seniors out there, **Make It Count!**

6,000+ MEALS PACKAGED!

On January 7th, we set out with a goal: raise enough money to pack 5,000 meals in under 50 days. Not only did we meet that goal—we exceeded it, raising enough to pack over 6,000 meals for those in need!

On March 1st, **we came together** to learn about the impact of these nutrition-packed meals—who they help, where they go, and why they're so critical. Then, **our kids rolled up their sleeves**, formed teams at four tables, and got to work! It was truly **inspiring to see our players engaged in giving back to the community**—working hard, having fun, and making a difference. Thank you to Denver Centre Impact and Lifeline Christian Mission for the opportunity to help. - **WATCH THE VIDEO!**

HUGE THANKS to all our players, parents, coaches, family, and friends who participated. We had a blast—and we can't wait to do it again!

SPRING SEASON TUNE UP CLINIC

After months of planning to bring some of the top players in the world to our Spring Season Tune-Up Clinic, Colorado weather had other ideas. But in true **"For Love of the Game"** fashion, **Coach Plitnick pivoted** and put together an incredible day of lacrosse training for 30+ kids. Despite the last-minute changes, the day was filled with high-energy drills, skill-building, sunshine, and plenty of smiles from all who participated! A huge **thank you** to **Warren Jeffrey, Asher Nolting and Coach Plitnick for their dedication** to try and make this truly unique event happen. And of course, thank you to the players and parents for your flexibility and commitment—we appreciate you! We'll make it happen again soon!
