there are several schools close by and traffic
is already very congested.

Leave the ballparks where they are

I use this park frequently - there will be more
pollution noise ~~with~~ in an area that is free of A/C noises

☐ Location

What concerns you about the proposed project?

The location!! This location will take away from the object of the park - open space, relaxed enjoyment for all. The traffic will be a nightmare. 4 schools twice daily already use the park for access. Regular training, sports events and competitions for up to 3,000 is untenable for the quiet appreciation of nature afforded by the park. Look into the land already owned by the city purchased for the stadium downtown!

The presentation also stated this facility will be used at all hours.

Please turn over...

Economically, I don't think is worth it
any amount, This Land must stay undeveloped

What concerns you about the proposed project?

My concern about this project is the location
(we need to keep the Park as it is right now.)
"We should not develop this." This Land needs
to stay as it is. When you develop, when you
give Land, then, you cannot get it back.
This is not a project to be in this Park,
"Please look for another location"!

Please turn over...

Look to another site!

What concerns you about the proposed programming?

Who can really afford lessons in this type of sport? Who are we building this facility for? How many & how much really is the cost to the residents?

3. RYAN PARK IMPROVEMENTS

The Ryan Park Master Plan calls for future ballfields with concessions, restrooms, and parking. What are your thoughts and ideas about that?

Why did it took too long to let Escondido's residents know about this project?

I am not excited about this project because it will ruin KCP Carson Park, cause traffic congestion, disrupt softball at KCP and soccer at Ryan Park. Create years of construction noise & dust, pollution, disruption to the KCP ecosystem and animals.

What concerns you about the proposed project?

KCP is a wonderful gem, it is a wonderful small town asset that does need an ice skating complex. Please put it somewhere else.

Please turn over...
