1. ESCONDIDO ICE SPORTS FACILITY – DESIGN

What excites you the most about the **project design**? Check one or more items, and add comments:

- | | |
|---|--|
| ☒ New recreation options ² | ☒ Economic benefits ^{5 - tournaments} |
| ☒ New community spaces ⁴ | ☒ Building and landscape design ⁷ |
| ☒ Community benefits ⁶ | ☒ Improved trails ³ |
| ☒ Location ^{1 - most excited!} | ☒ Restaurant ⁸ |

Provide any additional comments on what excites you:

More ice time! The fight for ice time created by the closure of the Ice Plex will be alleviated with not just one ice sheet, but three ice-sheet rink! All the rinks in San Diego County will be less crowded & more programs can be run more often.

What concerns you about the proposed project?

Separating rink traffic & crowds from Kit Carson Park's traffic & crowds. It wouldn't be fair for parkgoers to get stuck in inconveniences caused by the rink & vice versa. With that, large, separate parking lot with many driveways for multiple exits & entrances away from each other.

Please turn over...

| ☐ Community meeting spaces | |

Provide any additional comments on what excites you about the proposed programming:

- Adult hockey opportunities: stick time, pick up men's, women's, coed teams
- Job & volunteering opportunities

What concerns you about the proposed programming?

- Enough opportunities for low income people to not only try ice sports at any age, but to continue playing. what's the point of learning if you can't enjoy it for a lifetime?

3. RYAN PARK IMPROVEMENTS

The Ryan Park Master Plan calls for future ballfields with concessions, restrooms, and parking. What are your thoughts and ideas about that?

- Great idea because it is used only for soccer currently.
- The only concern is parking & traffic on Hidden Trails Rd. Just today (6/13) there's a massive soccer tournament happening, & the cars parked up the hill makes the street narrow. Can't imagine adding that on with baseball & softball. But there's room for additional parking in the park to be made.

- 1) It will bring revenue to the city to improve Bear Valley Plenary to install bike lanes + sidewalks for people especially students to go to the schools
- 2) Hockey is an elite sport that will bring in hockey parents, family + friends to the city to grow the city as an elite city.
- 3) It will improve + increase the property value
- 4) It's a win-win for all of us!!
- 4) It brings jobs for youth + others.

Provide any additional comments on what excites you about the proposed programming:

1) It's a new sport for children to learn. Children need recreational sports to learn team skills that disciplines them. Many hockey players in the NHL & AHL have come from low income homes. It's a perfect activity for Escondido since it gets hot in the summer.

2) High Schools can create hockey teams to compete with other high schools & have scholarships to play hockey at universities & perhaps make it to the NHL!

What concerns you about the proposed programming?

N/A

3. RYAN PARK IMPROVEMENTS

The Ryan Park Master Plan calls for future ballfields with concessions, restrooms, and parking. What are your thoughts and ideas about that?

Great idea! More restrooms, better parking - it gets too crowded when soccer & other events are taking place. A playground for children that are spectators to keep them busy & happy.
