COMMENT FORM

Thank you for participating in this community meeting for the proposed Escondido Ice Sports project. Your input will help to inform decisions about the plans, designs, and features for the project. As you participate in the meeting, please use this form to provide written comments on a range of topics. Please return this form to the meeting facilitator or sign-in table before you leave.

1. ESCONDIDO ICE SPORTS FACILITY – DESIGN

What excites you the most about the **project design**? Check one or more items, and add comments:

- ☐ New recreation options
- ☐ New community spaces
- ☐ Community benefits
- ☐ Location

- ☐ Economic benefits
- ☐ Building and landscape design
- ☐ Improved trails
- ☐ Restaurant

Provide any additional comments on what excites you:

Please search further for an alternative site that does not take away park land.

What concerns you about the proposed project?

This is a commercial venture hiding behind a non profit whose sole purpose is to boost the fan base of the NHL team. Where can we find the results of an EIR? Where can we find the results of a feasibility report? How exhaustive was the search for a site that does not involve taking park land? The 1964 bond measure states that limits the funds to park acquisition and BASIC utility infrastructure with the intent that the site be used exclusively for park purposes.

Please turn over...

2. ESCONDIDO ICE SPORTS FACILITY - PROGRAMMING

What excites you about the **proposed programming**? Check one or more items, and add comments:

| ☐ Free skating lessons for kids | ☐ Outside recreation space |
| ☐ Free hockey lessons for kids | ☐ Competitions for youth ice sports |
| ☐ Skills classes for ice sports | ☐ Practice facility for youth teams and the SD Gulls |
| ☐ Public recreational skating | |
| ☐ Community meeting spaces | |

Provide any additional comments on what excites you about the proposed programming:

What concerns you about the proposed programming?

News reports state that the Escondido project will be built in the foot print of the Irvine site which draws 1,000,000+ people a year. Too big for this location!
ana artificial turf!
So much hard scape vs. grass & trees

3. RYAN PARK IMPROVEMENTS

The Ryan Park Master Plan calls for future ballfields with concessions, restrooms, and parking. What are your thoughts and ideas about that?

Will the \$4,000,000 contribution pay for all expenses to move adult fields? City should not be expected to contribute to this from city funds.

Nothing excites me. Why did the City Counsel approve under ~~and~~ a memo of understanding the use of Kit Carson Park without a public meeting prior.

What concerns you about the proposed project?

The city counsel approving a business without being transparent ~~to~~ to the citizens of Escondido about use. I use Kit Carson park everyday. The park is heavily used by walkers like myself. There are many areas in Escondido where the ice rink can be located. Not in a park that is a crown jewel for the city.

It was very interesting learning about this proposal. I felt better about the project after speaking with Jason from the Rinks Foundation. I am very protective of the Mt Carson Park natural area. I was opposed to the mall development in the late 1970s. However, this footprint seems to fit into a decent area - as long as the softball fields can be accommodated in an appropriate location!

What concerns you about the proposed project?

My main concern is the traffic this will produce. It is already gridlock on the Bear Valley Route North. I hope that the main entrance to the facility can be moved to the most southern point of the parking lot and perhaps via Rancho/Bear Valley could be widened to Beethaven for accommodating the Ice Sports facility.

Please turn over...

2. ESCONDIDO ICE SPORTS FACILITY - PROGRAMMING

had financial
support to
participate

- ☐ Outside recreation space
- ☐ Competitions for youth ice sports
- ☐ Practice facility for youth teams and the SD Gulls

Provide any additional comments on what excites you about the proposed programming:

Ice sports are more expensive than our children can often afford. It would be great if there was some financial support for the poor Escandido children to participate - Not just importing rich kids from Rancho Santa Fe and 45 Ranch to our park

What concerns you about the proposed programming?

See above

We need more free public third spaces in Escondido and this would definitely provide that

I AM excited about a new possible ice facility however I'm unsure about how ^{well} the area will fit in the long term. I feel the Ice Plex ^{returning} would be better for the community

What concerns you about the proposed project? ^{residential,}

Traffic. With three schools, a church, and all the facilities/events already at Kit Carson I'm concerned that road will become more congested.

Parking. I have been at the park during busy sporting events and it makes parking difficult. So many people already use the park for different events, parties, games, etc., and having to walk too far from where they want to be may turn people off.

Will any profits from this go back to the park? Many of the park amenities would benefit from a makeover.

The Kit Carson Amphitheatre can fit ~3000 people, is that parking lot expected to be how big the ice rink will be?

Is the Great Park Rink equivalent to one in Escondido?

3. RYAN PARK IMPROVEMENTS

I need a chance to visit Ryan Park for myself first
The Rinks Foundation said they would provide \$4 million to relocating the softball fields. Is that enough? If it isn't, who is paying for it?
Are the softball teams on board with this change?

3. RYAN PARK IMPROVEMENTS

The Ryan Park Master Plan calls for future ballfields with concessions, restrooms, and parking. What are your thoughts and ideas about that?

- NO base ball fields at Ryan Park. There are 6 baseball dedicated parks in Escondido and only 1 for soccer. Taking away the small amount of space we have would be unfair to the club, the children, and the community.
- Build ice rink on land that will not affect baseball or soccer
- NO demand in Escondido for ice rink.

at another location it would be nice.

What concerns you about the proposed project?

The park is used by everyone – the Rinks & restaurant will only be used by a few.

The open land is so wonderful and already used by so many.

Please turn over.

I don't believe it will be free!

3. RYAN PARK IMPROVEMENTS

The Ryan Park Master Plan calls for future ballfields with concessions, restrooms, and parking. What are your thoughts and ideas about that?

What about all the soccer practice and tournaments? Traffic is already at capacity on San Pasqual Road. So traffic will back up at the freeway

Re-introducing an Ice facility to Escondido.

*I use kit carseam daily w/ my dog and family
and also play hockey. I would love to have
a rink near my house to introduce skating to my
daughter*

What concerns you about the proposed project?

I am not convinced that any of these things will happen in a positive way. KC Park is a treasure with trails and natural space. We can't afford to lose that.

What concerns you about the proposed project?

→ Please don't put a huge building in our beloved park.

Please turn over.

What concerns you about the proposed programming?

We shouldn't be giving away our parkland to a private company.

3. RYAN PARK IMPROVEMENTS

The Ryan Park Master Plan calls for future ballfields with concessions, restrooms, and parking. What are your thoughts and ideas about that?

Ryan park is already busy & crowded on weekends.

Coming to Escondido / but wrong placement

What concerns you about the proposed project?

TRAFFIC
Location
Move to the Quince Property
disrupts to Resid. of Escondido
I'd like the bldg to not be so modern
but blend into the surrounding area

PARKING !!! 500 spaces
are not enough

Nothing! It is a massive structure in our public Nature Park!
Provide any additional comments on what excites you:

There are 2 really great alternate locations that are not in residential areas And not in public park

1. SWAP Meet lot Washington St

2. 2 adjacent lots off Norluk by the transit station

What concerns you about the proposed project?

Everything! Loss of public park land designated as unphased nature

In creased traffic, noise

Destruction of wildlife areas

Moving baseball fields out of the park

We need to Vote on This

There is a fire station, 4 public schools, A senior living facility + 2 churches across from the park

Think of everyone's safety

We had fires right up the street!

Please turn over...

2. ESCONDIDO ICE SPORTS FACILITY - PROGRAMMING

Wrong location for these

Provide any additional comments on what excites you about the proposed programming:

What concerns you about the proposed programming?

The location is ~~terrible~~ awful!!

3. RYAN PARK IMPROVEMENTS

The Ryan Park Master Plan calls for future ballfields with concessions, restrooms, and parking. What are your thoughts and ideas about that? We already have these ballfields in Kit Carson Park & we don't need to move these!

What concerns you about the proposed project?

*Concernant to place a monstrous skating complex
inside a natural greenspace park. It is better
suited for commercial / industrial property use
of using city parks property!*
