THE CHILDREN'S ADVOCATE, LLC

STUDENT SUPPORT SERVICES | FEE SHEET

October 2026 | Protect. Educate. Empower.

Services & Starting Rates

Cognito Service Label	Rate / Fee	Notes
Intervention-Based Tutoring (Reading)	Starts at $40/hour	K–8 intervention-based reading instruction
Intervention-Based Tutoring (Math)	Starts at $40/hour	K–8 intervention-based math instruction
ELA/Writing Intensive	Starts at $40/hour	In person only; generally two-hour blocks
Homework Help (Science and Math)	Starts at $25/hour	Supplemental support; virtual when appropriate
Pre-College Writing/Scholarships	Individual quote	Writing, applications, scholarships
College Prep/High-Stakes Test Prep	Individual quote	College readiness and test preparation
Education Advocacy	$300 initial fee	One child; additional work quoted separately

Session Package Options

4 Sessions | **8 Sessions** | **12 Sessions**

Packages are priced using the approved rate, duration per session and number of sessions. For example, four two-hour ELA/Writing sessions at $40/hour start at $320. The $300 initial Education Advocacy fee is not a per-session price.

Application & Payment

Student Support Services application: $25, applied to the virtual consultation for needs review and plan development. This fee is separate from instructional packages.

After assessment, TCA issues an individualized service recommendation and approved amount. Student Support package payments are requested through a TCA-issued Stripe invoice. Payment is due before services begin.

Scheduling & Service Policies

Payment does not reserve a date or time. Sessions are scheduled separately according to availability and the approved learning plan. ELA/Writing instruction is in person only at the Fairburn location. Other virtual services are offered only when appropriate.

Payments are nonrefundable under TCA policy. At least 24 hours' notice is required to cancel or reschedule; missed or same-day cancellations may result in forfeiture. Additional services are quoted separately.

Rates are starting rates and may vary according to student needs and approved service plans. Cognito's numerical service values must be reconciled before enabling parent-facing calculations.
