RE: Flashing Installation Approval for Building L of Harbor Island Condos
6 Harbor Dr N, Harbor Island, SC 29920

David,

After reviewing the flashing and fluid-applied moisture barrier installation on the doors and windows at the project site located at 6 Harbor Dr N, Harbor Island, SC 29920, I can confirm that the work is in full compliance with the established installation guidelines and procedures. Based on our observations and inspections, the flashing has been installed according to the required specifications, ensuring proper alignment, integration, and functionality to meet both industry and manufacturer's standards.

I am providing my formal approval of the flashing installation, as it meets both the project's quality requirements and the manufacturer's written installation instructions. Please feel free to reach out if you require further clarification.

Respectfully,

A handwritten signature in blue ink that reads 'Steven G. Stowers'. The signature is fluid and cursive.
