Custom Pricing

Handcrafted in Gippsland – Custom Wine Barrel Creations

Our products are handcrafted and made to order, meaning every piece is unique. Prices shown throughout this brochure are starting prices (“from”) and may vary based on your chosen customisations, including engraving, finishes, and design details. We’ll provide a tailored quote once we’ve discussed exactly what you’re after.

Laser engraving is priced based on machine run time and will be quoted once your design and sizing are confirmed.
