Schedule Changes

Please let us know of any and all changes to your regular schedule.

Please put in schedule change forms for vacations and changes to your weekly schedule by **THURSDAY at NOON** for the following week. This helps us plan the program effectively for each day.

CACFP Food Program Renewal Paperwork

Every June we have to renew with the state food program. You'll be asked to complete a new food program form. We do this every year to maintain our status with the Child and Adult Care Food Program. This information is kept confidential and is vital to our programming.
