## Additional Details

---

Custom Color or Specification Required?  Yes  No

*Customization process may take 3 to 6 months from beginning to product at jobsite based on complexity and requirement to make custom rollers and plates to manufacture the flooring. Simple colorization customs should take less than 90 days from start to finish. All custom work requires a deposit of \$3000 to start process and a minimum of 30% on order after approval of custom prototypes prior to manufacturing, payment in full is required prior to textile release at port.*

Did you specify the Durato product with this Architect/Developer/Designer?  Yes  No

Durato Customer #

Company Name

*\*No price quotes are given unless the company is registered with Durato USA, is a Flooring Retailer with resell certificate or Commercial Contractor with contractor license with solid financial history and in good standing with Durato USA. Durato International maintains its rights to refuse to do business with any distributor, retailer or commercial contractor based on financial status and ability to pay.*

*\*\*Price quotes are valid for the project specified only and may not be used for other projects.*
