

Neophyte Farms teaches *horsemanship* above all else. From grooming and riding to feeding and healthcare, we focus on the relationship between human and horse. We teach riders how to effectively communicate with horses to develop a working relationship built on trust, compassion and teamwork.

We offer lessons in *Western* (pleasure, trail) and *English* (pleasure, jumping, Dressage). We offer students the option of showing once they have become competent riders.

Our focus is on beginning students, teaching them to be kind and gentle, but effective riders. We begin with exercises to develop the proper technique of the rider, known as **equitation**. We help students to build strength and confidence in the saddle while improving their skills.

We offer **one-hour** lessons, including instruction in grooming and saddling. Individual lessons are \$50.

We also offer discounted packages of 4 lessons for \$180 with a standing weekly lesson. For those who wish to ride more than once a week, we offer additional packages of 8 lessons for \$350.

We can also customize a package for your individual needs. All packages are offered on a monthly basis and must be used within the month. Please call or email us for more information or to sign up.
