Contact Katie Colyer for details (208) 599-2962

SCHEDULE OF EVENTS:

Sale bulls are presently being fed at Beus Feedlot, Pasco WA. in Pens 52, 53 and 54. They are identified by corresponding ear tag lot numbers. Sale cattle are presently on a 120-Day test and will be available for inspection until sale day at the Beus Feedlot. After that, they can be seen at Bonina Sale Facility. You are welcome to view the bulls at any time!

March 16, 2021:

Noon – 6 PM: Sale Bulls may be viewed

March 17, 2021:

8AM: Trade Show Opens
9AM: Consignors Meeting, at the Sale Site
11AM: Lunch Available
12 PM: Awards Presentation
12:30 PM: WBA Bull Test Sale

Live auctions TV Dash real time bidding via the Internet for the sale. Live audio will allow buyers to bid on animals just as if they were present at the sale. Buyers must create an account and request a buyer number. Instructions are available to walk you through the account set up process.

SALE CRITERIA:

1. Bulls must pass semen and quality test.
2. All bulls are tested BVD negative.
3. No bulls sell with less than an 85 index for gain and yearling weight.
4. Bulls must ratio in the top 75% of their respective breed.

HEALTH: All bulls are weaned 30 to 60 days prior to arrival. Bulls are vaccinated and BVD tested prior to arrival. Upon arrival they are treated with Enforce 3, 8-way Clostridium and Bovishield Gold FP-5VL 5HB. Bulls are dewormed with injectable Cydectin. At 60 days they are poured with Clean Up for grubs, worms, and lice. Donated by Bayer Animal Health.

MORE HEALTH INFO: All bulls will have appropriate health papers and will be available for immediate shipment. Cattle selling to any area that requires additional tests will have to complete the test before shipment. All bulls have passed a semen evaluation by an accredited veterinarian. All bulls selling are certified to be virgin bulls. All bulls have tested negative for BVD.

TEST SCHEDULE:

- October 20** Bulls arrive. They are tagged and started and continued on a warm-up ration prior to the start of the test.
- October 23** Bulls are started on the test. They are fed 30% concentrate ration for a moderate gain. The bulls are weighted at 60 days and progress reports are made available.
- February 20** 120 day off test weights are taken.
- After March 1** Bulls are fed a limited concentration high roughage ration.

TEST DATA INFO: Test data weights are taken by the Test Station personnel. The EPDs used in the progress reports and sale book are the current numbers sent to ultrasound by the respective breed associations. All information made available by the associations is included in the reports and sale book. Additional adjusted yearling weights and final tests data will be available on a supplement sale day.

ULTRASOUND MEASUREMENTS: Ultrasound readings have been conducted by an accredited ultrasound technician. These readings and results will be made available on all bulls by sale day. Data from these ultrasound readings may significantly change the previous carcass ultrasound EPDs.

ELEGIBILITY TO SELL:

Only the top bulls of each breed sell! Based on the following criteria:

Bulls must pass a semen quality exam and must have a scrotal measurement of 32 cm. or larger. This exam is conducted by Frontier Genetics.

Bulls are sifted for structure soundness as well as problems that would impair their breeding performance such as corns, cracked hooves, swollen joints, improper hoof or foot placements, etc. This screening is done by commercial cattlemen.

The calculations are based on BIF standards. 50% on Average Daily Gain and 50% on Adjusted 365-Day-Ratio.

Only the top bulls of each breed sell or division sell based on the test stations index.

The Test Station index is used to determine sale order for each breed sell or division (highest to lowest).

CALVING-EASE ANGUS: If the Angus breed has 50 bulls or more it may be divided into a growth division and a birth weight division. Calving-ease Angus bulls must have an actual birth weight or 80 pounds or less, a Birth EPD of +2.0 or lower, CED of 8+ and in addition, both the sire and dam must have a Birth EPD of 2.0 or less based on the updated EPD information at the conclusion of the test to qualify for the low Birth EPD division. Twins and embryo transfer calves are not eligible in either the Angus or Hereford breed to qualify as calving-ease bulls. These bulls are compared only to other bulls in the "Low Birth EPD Division" and will be marked in the sale book with a CALVING-EASE symbol. They were not compared to other bulls of the breed.

UPDATED TEST DATA: Updated test data and ultrasound results can be viewed online. www.wballc.org

ACCOMMODATIONS:

Red Lion Inn - Pasco, WA For reservations call: 1-800-733-5466.
M & M Motel - Connell, WA for reservations call 1-509-234-8811.

LUNCH AND REFRESHMENTS: Will be available sale day.

LOT NUMBERS: Ear tag numbers on sale cattle will correspond with the sale book.

TRANSPORTATION: Upon request, planes will be met at the Tri-Cities Airport, Tri-Cities, WA. Transportation to and from the sale site or headquarters can be arranged by contacting the sale management.

DELIVERY: Delivery coordinator Terry Pellham 509-431-1073 will assist in making delivery arrangements of the sale animals to the purchaser's destination at the lowest possible cost. All such deliveries will be made at the buyer's risk. Purchases may be left for 48 hours after the sale if necessary. However, bulls may be left for an additional length of time with Bonina. This is at the buyer's risk and cost. Those expenses and yardage will be settled with Bonina.

LIFE STOCK MORTALITY INSURANCE: Mortality insurance is available on your purchase through the sale management through Star Net Insurance. Please notify the clerk if you wish to insure your purchase.

GENETIC TEST: Angus and Angus Cross Bulls will be listed as potential carriers of genetic diseases unless they have been tested free of disease or potential to carry disease. Any animals that tested positive have been eliminated from the sale. Most Simmental and Simmental/Cross bulls have been Igenity Tested for Horned/ Polled and for coat color. These animals are identified with the Igenity logo.

SALE ORDER: BIF Standards are used to determine the bulls that are eligible to sell in the order by which they will sell. The Station Index is used with each breed. This index is calculated based on 1/2 ADG and 1/2 adjusted 365-Day-Weight.

BIDDING: Each animal offered for sale will be sold to the highest bidder. Each bid shall constitute an offer to purchase in the final bid shall constitute a binding contract between buyer and seller. The auctioneer will settle any disputes as stipulated and his decisions on such matters will be final.

TERMS: Terms of the sale our cash in bankable checks. All settlements are to be made with the clerks of the sale immediately following conclusion of the sale.

ANNOUNCEMENTS: Any changes of information from the sale book will be announced from the auction box and such announcement shall take precedence.

REGISTRATION PAPERS: A certificate of registration and transfer will be furnished for each animal at no cost to the buyer. Identification seller offers each animal with a reasonable tattoo corresponding to the registration. Buyer agrees to check tattoos for accuracy. Handling and risk: each animal will be at the purchaser's risk as soon as sold.

HANDLING AND RISK: Each animal will be at the purchaser's risk as soon as sold.

RIGHTS AND OBLIGATIONS: In the event of default in any part of the terms and conditions covering the sale by either the buyer or seller, it shall be responsibility of the buyer or seller to instigate by actions necessary to bring about a fair settlement of any claims arising from the sale in to be the responsible party for any and all costs involved therein. The sale management assumes no responsibility, legal or otherwise, to the failure of either seller or buyer to fill their obligation. All persons who attend the sale do so at their own risk. Neither the sale manager or any other person connected with the sale assume any liability, legal or otherwise.

ADDITIONAL SALE TERMS AND CONDITIONS: Any terms and conditions not covered by the sale book will refer to the Sale Terms and Conditions set forth by respective breed associations of the breed purchased.

Consigned by Wright Cattle Co.
 DNA tested and sire verified. Free of all known genetic defects. If you want to add pounds to your program, here he is. Great EPD profile in a moderate frame. Sired by Basin Payweight 1682, who is known for producing deep bodies with a lot of mass. This son is gentle and travels well. He was raised in steep dryland range country without creep feed. 10 CED, top 2% WW, top 3% YW, top 15% RADG, top 3% CW, top 10% \$W, top 3% \$F, top 10% \$B, top 15% \$C. He ranks in the top 14% for tenderness. A really nice bull, one of our favorites!

Consigned by Wright Cattle Co.
 DNA tested and sire verified. Tested free of all known genetic defects. He has been a scale smasher, with an 884 lb. weaning weight and a 109 weaning ratio. He was raised in steep dryland range country with no creep feed. He is an easy moving gentle bull. He has good bone and feet. If you want to add pounds to your herd, he's a great herd bull candidate. Sired by Black Magic, the #1 \$Beef animal in the Angus breed. He produces soggy, powerful, sound cattle that are scale smashers. He's a very nice bull to be around.

Consigned by Steer Head Cattle.
Steer Head Flat Top is coming from one of the fanciest and great phenotype Bismarck daughters on the bottom side and Flat Top, one of Black Granite's most dependable calving-ease sons on top. Calving-ease is bred through him with high CED to prove it. He will throw fancy deep-bodied, quality calves that are ready to work at the feed bunk.

This is a must find bull on sale day. Nearly any herd can use the muscle and body depth from this bull, while also mentioning he stems from maternal greatness. The Champion Hill Georgina cow family is extremely hard to find on the west coast. He is big ribbed, level topped, sound, athletic and gentle with an excellent set of EPDs.

Consigned by Grant Angus.

Here is a calving-ease bull with enough performance to breed to your mature cows. Look at the 729 pound spread between his 66 pound birth weight and 795 pound Adj. WW. Halter broke and super gentle.

SimAngus cattle are becoming the go-to momma cows in this region in particular and all over the country in general for good reasons. His sire has been a workhorse here at KKM the last few years and has really produced some exceptional cattle for ultrasound. This is one you're going to want to add to your herd!

We have brought some of our top performing SimAngus bulls to this sale this year. Bulls like this one are great for crossing on Angus based cows to give you that hybrid vigor you need to maximize growth in your calves plus so many positives to the females that you keep as replacements.

This bull is the product of a flush we did to our main donor cow housed in Illinois. That cow was purchased as a \$20,000 high-selling female from the Jewels of the Northland Sale in Minnesota. She has gone on to produce countless successful show and breeding cattle in the Midwest, the Northwest, and beyond. Her first female to sell at auction in Illinois commanded \$12,500, and that was only the beginning. We purchased this bull's sire, Damar Duration, from Wisconsin. Check out his picture and EPD profile on CattleVisions. Duration is a maternal grandson of a Denver NWSS Grand Champion female and also stems from the ever popular W/C United, with the prolific Angus bull, Northern Improvement, on the maternal side. This bull is proudly owned in partnership with Roger Allen and his family and will improve any progressive herd.

A son of the Pie One of a kind 510 bull that has done an outstanding job in several purebred herds across the country. These cattle are super balanced and very consistent, and this bull is a great example of these genetics. Going back to the maternal Miss Pan cow family on the bottom side, this bull should produce excellent females.

This bull that has the matriarch of our herd in his pedigree. This bull's sire is a direct son of a top selling Simmental female we purchased in Denver at the NWSS, which female went on to win Grand Champion female at the Western Regionals in Utah. As if that were not enough, this bull's sire has the ever popular Select Sires stud HPF Optimizer on the top side. This young bull has all the right parts and EPD profile to change any progressive program for the positive.

Consigned by Watson Cattle.

This solid red bull's sire is a direct son of a \$20,000 high-selling female we purchased from the Jewels of the Northland sale in Minnesota. See the footnote to Lot 107 for the pedigree information on this young bull's sire pedigree. His dam stems from a solid red cow we purchased out of Georgia several years back that simply never misses with her calves. She is a very maternal, stout female that raises a good one every year. Buy this young red stud with confidence.

EPD's Top 10% CBS Index

Sired by BB Top Shelf, the red eyed BB Cattle Co. bull, (recognized as a CHB Sire of Distinction) --- this bull puts it all together with good muscle and depth of body. Also, his dam is sired by 1321, a curve bender who tops the breed for for CED, growth and carcass traits. "Greg" weighed 960# on 10/23/20. Retaining 1/4 in herd semen interest.

His sire, Rough Rider, is known for Hereford efficiency at its best. His 10 year old dam has produced 4 bulls for the WCA/WBA bull test. In 2017 a maternal brother was our high selling bull going to Keane Cattle Co. and a full brother, DARTH, was Hereford high seller at the 2020 WBA bull sale going to Andy Ralston. He has pigment and a great disposition.

What a powerful no miss combination. This is a Trust 100W calf out of our Dam of Distinction. Trust is the 2012 NWSS National Champion bull & Supreme Champion Hereford! Breed leading genetics with extra pigment, shape, style, eye appeal and balance. 032 Dam (DOD) is out of a Denver senior champion and our Churchill Yankee donor dam. Combined with his look, his powerful set of EPDs and pedigree, his calves should be exciting.
