

Restored to Purpose — Reborn with Vision

You were never meant to live in pieces. What was broken can be restored. What was lost can be found. At Vision Reborn, we believe that healing is not the end—it's the beginning.

God restores not just for comfort, but for calling. He takes what life shattered and breathes new life into it—reviving dreams, renewing hope, and reawakening purpose. Being *reborn with vision* means seeing your life through the eyes of destiny and divine design.

You are not forgotten. You are not disqualified. You are being *restored to purpose*—refined by grace, realigned with truth, and reignited by vision.

This is your time to rise, not as who you were, but as who you were always meant to be. Let the restoration begin. Let the vision come alive. Welcome to a place where your past no longer defines you—Vision Reborn.

Vision Reborn

You Are Not Being Defeated

You Are Being Developed

Life's trials are not meant to crush you—they are shaping you. What feels like defeat is often the very place where God is building strength, character, and wisdom within you. Just as gold is refined by fire, your challenges are preparing you for greater purpose.

At Vision Reborn, we believe that every setback is a setup for a comeback. Through faith-based counseling and transformative guidance, we help you see your journey through the lens of hope, healing, and development.

You are not broken—you are becoming. You are not lost—you are being led. You are not defeated—you are being developed for something far greater than you can imagine.

Stand firm. God is not finished with you. He is working behind the scenes, turning pain into purpose and wounds into wisdom. The process may be hard, but the outcome will be glorious. Keep growing—you're being developed.

*Before I formed you in the womb I knew you,
before you were born I set you apart”.*

Jeremiah 1:5

*“You are not defeated
you are being developed.”*

Reborn**

Our Story from Vision to Reality

Vision Reborn was birthed from the heart of Dr. Samuel Said, a man who knows firsthand what it means to be restored by God. Born in Nazareth, Israel, and raised in the hills of Galilee where Jesus once walked, Dr. Samuel's life has been marked by trials, miracles, and triumphs.

After suffering a head and back injury that resulted in 85% memory loss and a disability registration, Dr. Samuel began a 12-year journey of restoration. Through God's grace, discipline, and the power of faith, he regained 75% of his memory, earned six degrees, including three Ph.D degrees, and became a licensed Christian counselor and educator. His story is not just a testimony—it's a blueprint for hope.

With over 21 years of experience in higher education, Dr. Samuel has taught Computer Science, Education, and Theology, equipping him to deeply understand student needs, administrative challenges, and academic environments. He has become an expert in problem-solving and mentorship, skillfully guiding others through complex personal and professional situations.

Additionally, Dr. Samuel has served as a pastor of four churches, gaining a wealth of experience ministering to people from all walks of life. These pastoral years shaped his compassionate approach and allowed him to connect with individuals and families facing deep emotional and spiritual struggles.

Vision Reborn is a beacon of healing, identity, and purpose today. It's more than a counseling center—it's a spiritual safe haven, where transformation begins and destinies are restored.

At Vision Reborn, you don't just find healing—you discover your identity, and purpose

Our Mission

Restored to Purpose, Reborn with Vision

Our Vision

To be a beacon of hope and renewal, fostering a world where individuals experience deep healing, spiritual transformation, and the fulfillment of their God-given potential—empowered to live with purpose, faith, and wholeness.
