

Service Description

The information that you provide below will give Ben Olson Productions a profile of your event and musical needs. In the first section please describe any special song requests. Please also include their special reasoning (if any) (EX: First Dance). In the second section, select the general music categories that are likely to be most successful at your event remembering all of your invited guests. Check all that apply. Remember, the artists listed are only examples for each category and all music categories will be available as needed. Also please include a list of "must play" songs and "must NOT play" songs so that your DJ is ready to meet your specific musical needs perfectly! The "must not play" list should include songs that may bring negative feelings or carry emotional baggage and shouldn't be included on your special day.

Must Play Songs

(Attach document if more space is needed)

Must Not Play Songs

(Attach document if more space is needed)

1960s 1970s 1980s 1990s 2000s 2010s 2020+ (Circle All That Apply)

- Country - Morgan Wallen, Carrie Underwood, Toby Keith
- Cupid Shuffle Chicken Dance Macarena
- Electric Slide Cha Cha Slide Wobble Wobble

Please attach any special instructions or directions, scan and return to Ben Olson Productions NO LATER than three weeks prior to the event. As music is available via WiFi at many venues it does not assure a solid connection to every request on the fly. It's important for us to have most music on site prior to events.

In addition to this service description please also attach a timeline for your event. (Ceremony/cocktail/dinner/first dance)
