

## INTERNATIONAL BIOMETRICS ASSOCIATION, INC. BIOMETRIC IMPACT AWARD

---

Dear Colleagues:

The International Biometrics Association (IBA), Inc. is excited to present the annual Biometric Impact Awards for the use of NEC Corporation of America's Biometric Systems to assist in the positive identification of a subject. The IBA Board will be awarding for two biometric hits: 1.) Facial Recognition and 2.) Tenprint, palm print, or latent print. The submission deadline for nominations is **August 31, 2026**, via email to [Shanelle.White@wsp.wa.gov](mailto:Shanelle.White@wsp.wa.gov) and [Sharlyn.Franks@doj.ca.gov](mailto:Sharlyn.Franks@doj.ca.gov).

Please provide a summary of the case below; if additional space is needed, check the box and add a supplemental page. Include the circumstances that were involved in the case and any details that made the identification noteworthy (*because any hit, as well as the service that you provide to public safety, is extraordinary!*). Please indicate if adjudication has or has not occurred, if conviction or non-conviction has occurred, or if any of the case information needs to be redacted prior to publication.

Biometric Category:  Facial Recognition  Tenprint, palm print, or latent print
