

Adult Group Classes

Welcome to Sewing Classes by NiciLou Designs! I am very excited to share with you what I have learned through the years about designing and creating a variety of items using sewing techniques. The class will start at a beginning level and move at a pace comfortable for every student. I plan to keep the group classes relatively small in order to focus on individualized attention to help students either catch up or move ahead as needed.

Below is a tentative schedule for classes. Each group class is \$10/hr per student. The aim is for biweekly (or at least twice a month) working around already known scheduling conflicts. Make-up classes will be available to schedule for missed sessions at the same \$10/hr rate for those registered in a group session. Private lessons are also available to schedule at \$15/hr for anyone who would like additional individualized help.

Attached is two supply lists. The first is a list of general sewing supplies needed for each class along with links to examples of the items. If you have a sewing machine available to be used for the lessons, please bring it along for each class as well. There are multiple outlets for students to plug into so all can work at the same time. The second list is the specific items needed for a particular project series. Our first project is a Decorative Throw Pillow. Each basic project has the ability to add challenges for those students who already have some experience.

Please feel free to contact me via email at niciloudesigns@gmail.com or text 510-846-2760 with any questions or concerns regarding schedule changes, issues and student progress.

I look forward to working with you in the upcoming weeks!
