

mmmhops[®]

At HBB, we raise a glass to the icons of Rock 'N' Roll that have inspired our passion for music and the uncompromising craft brewers that have showed our generation what great beer can be! Mmmhops is an American IPA that pays homage to HANSON's most iconic song, Mmmhops. Crafted with Citra, Krush and Idaho hops, its citrus and tropical fruit notes are balanced by a subtle bitterness that will have you saying Mmmhops! Few things in life will last, but great music and great beer always bring us together. Brewed to share with "The ones who really care".
