Dear Students,

"**MathMaziks : Art of Problem Solving**" is a helping hand for Higher Mathematics students, who specially want to do research work in his/her future. Most of the time, a lot of students are used to face problems in the depth (core) of Mathematics. That's why we have organized it, to reduce their problems.

Together with all the communications, also I have opened a group (Higher Mathematics, for CSIR NET JRF/GATE/NBHM) specially for our **YouTube Subscribers** for helping them (by myself and experts) in concept clearing approach and by providing special notes, regarding YouTube videos and so on ...

So, our beloved SUBSCRIBERS, please contact me by providing a screenshot of **YouTube subscription** proof to get the special **Whatsapp** group "**MathMaziks_AOPS**" link...

Best regards,

Gobinda Chandra

Research Scholar, University of Hyderabad

CSIR NET JRF, GATE, NBHM qualified
