## OUR NO-COST SERVICES

### 1 APPLYING FOR MEDICARE

Medicare is complicated, signing up is too. Let us help you navigate the process.

We'll answer questions like:

- When should I sign up for Medicare?
- What if I want to delay my social security benefits?
- What if I'm drawing social security benefits before I turn 65?
- Do I even need Medicare if I'm going to keep working past 65?

### 3 INSURANCE CONSULTATIONS

Your health needs, premiums, plan benefits, and Medicare & Marketplace regulations change annually.

We work closely with you to find the best coverage for your specific needs.

Best of all, instead of waiting on hold at 800 for help, you have a personal, local expert available!

### 2 APPLYING FOR THE MEDICARE SAVINGS PROGRAM & MEDICAID

Is money tight?  
We know how to you get help.

2025 Benefits include:

- Part B premium is paid for you
- Prescription drug copays are limited to between \$0 and \$12.15
- Late enrollment penalty is waived
- All covered healthcare is \$0 (QMB and full Medicaid only)
- and more

### 4 UNDERWRITTEN MED SUPPS/MEDIGAP

*Do you have the "Cadillac" Plan F and feeling the pinch?*

Because F no longer has new members paying into the pot, premiums are skyrocketing. Plan G is a cheaper and nearly identical option.

*Is your Plan G or N getting expensive?*

At any time of the year, we may be able to find you cheaper rates.
