APRIL 2026

Notice to Unit Owners

Dear Owner,

The International Beach Club Condominium Association periodically reviews its operating procedures to ensure guest and Owner safety, accurate occupancy tracking, insurance compliance, and consistent treatment of all participating owners. This notice is provided to clarify existing access requirements under the International Beach Club Condominium Association governing documents.

As part of this process, the Resort is formally implementing a clarified Owner Key & Access Policy applicable to all units. This policy reflects standard hotel-style operating practices and does not change your ownership rights or ability to use your unit or gain access to your unit 24 hours a day 7 days a week by requesting a key at the front desk. This notice reflects existing rules and does not alter ownership rights. Past practices do not create waiver or grandfathered access rights.

Access credentials are issued only for approved occupancy periods or authorized purposes and must be obtained through the front desk. Access credentials are issued on a time-bound and purpose-specific basis. During periods when a unit is rented, reserved, or available for rent, access is coordinated through the front desk. When an owner reserves a unit for personal use, access credentials are provided for the desired dates of occupancy only. If the owner stay is greater than 14 consecutive days, then the key will need to be reset/reissued up to 14 days at a time.

These procedures protect guest safety, preserve accurate occupancy records, support housekeeping and maintenance coordination, and reduce liability exposure for both owners and the Association.

The Association's Rules and Regulations establish that Fountain Beach Resort is a transient resort condominium and impose limitations on occupancy and access, including:

- Rules 26 and 27, which restrict rentals and occupancy to short-term, transient use and prohibit permanent or residential use;
- Rule 30, which requires compliance with resort-issued identification and access controls;
- Rule 31, which provides that owner rights may be suspended or transferred when the owner is not present and that access during such periods requires approval.

Consistent with these rules, the Association does not permit unrestricted, seasonal, or year-round access keys or credentials for unit owners, including owners not participating in the rental program.

We appreciate your cooperation and understanding. Should you have any questions, the IBCC Association Board of Directors, Property Management with Distinction LLC, or Resort Management will be happy to assist.

Sincerely,

International Beach Club Condominium Association Board of Directors

39. IBCCA OWNER/GUEST KEY AND ACCESS POLICY: This Owner Key and Access Policy ("Policy") is adopted by the International Beach Club Condo Association to establish clear, uniform, and enforceable standards governing access to condominium units. The Policy is intended to protect guest safety, preserve accurate occupancy and revenue tracking, support housekeeping and maintenance operations, comply with insurance and risk-management requirements, and ensure consistent treatment of all owners. This Policy applies to all owners, their family members, guests, invitees, lessees, contractors, and vendors.

Owners acknowledge that the Resort operates as a transient facility with a front desk, reservation system, and controlled access model. As such, unrestricted or open-ended access credentials are inconsistent with resort operations and are not permitted.

When a unit is rented to a guest, reserved for a guest, or otherwise available for rent, all access to the unit must be coordinated through the front desk. Owners and third parties may not access units during these periods without prior authorization from Resort management. This requirement ensures guest privacy, safety, insurance compliance, and accurate accounting.

All maintenance, repair, or vendor access must be scheduled through Resort management and logged by the front desk. Owners may not independently grant access to vendors without coordination with the Resort.

Owner Personal Use Access

When an owner properly schedules personal use of their unit in accordance with Association procedures, the Front desk will issue access credentials limited strictly to the dates of owner occupancy. Such credentials shall automatically expire at the conclusion of the owner-use period. (If the owner stay is greater than 14 consecutive days, then the key will need to be reset/reissued up to 14 days at a time.)

Owners are not permitted to retain or reuse access credentials outside of desired use periods.

The Resort does not issue unrestricted, long-term, 30-day, seasonal, or annual access credentials.

Bypassing the front desk, sharing access credentials, or permitting unauthorized access is strictly prohibited.

Failure to comply with this Policy may result in suspension of access privileges, temporary removal of the unit from the rental program, if applicable, or other remedies available under the Association Rules & Regulation, the Owner Rental Agreement, the Association's governing documents, or Florida law.

(Adopted 4/13/2026)

The foregoing Rules and Regulations are designed to make living for all unit owners pleasant and comfortable and compliance with the foregoing Rules and Regulations is mandatory. The restrictions imposed are for the mutual benefit of all owners and the betterment of our resort.
