

Strengthen Literacy Skills with Intentional Intervention and Instruction

Grow students' Spanish reading skills with Istation! Support multilingual learners with Istation's authentic, culturally relevant content and highly personalized learning experience.

Educators get easy, online program access with actionable insights, and schools get a seamless platform of assessment and instruction suitable for in-person, remote, or hybrid environments. Plus, Istation supports bilingual implementations, including dual-language models.

Powerful Data

Improve comprehension and growth with engaging assessments and lessons that provide actionable and insightful feedback. Istation includes resources and support that measure and instruct foundational essentials, including:

- Phonemic awareness
- Phonics
- Fluency
- Vocabulary
- Comprehension

Proven Results

Build foundational skills, strengthen mastery, boost achievement, and predict student success while focusing on scientifically driven methods that improve engagement and educational outcomes.

Aligned to individual state standards and Common Core State Standards, Istation's assessments, instruction, and teacher-directed lessons also support Spanish-language instruction and special education students.

All new power path student experience

Computer-adaptive screeners and progress monitoring for early and advanced reading

Interactive lessons and fun games with responsive reteaching

Comprehensive Intervention and Instruction

Students are assessed in less than 30 minutes with an engaging computer-adaptive assessment. Based on those results and frequent skills-based measurements for all critical areas of reading literacy, learners are seamlessly placed into high-interest, interactive online instruction.

As students progress through adaptive instruction, they have multiple opportunities to engage with a variety of texts with increasing complexity across genres. Struggling students are routed through reteach lessons, and teachers are given instant reports to monitor student progress. Istation's Priority Report provides teachers with specific skills-based, small-group lessons for targeted intervention. Additionally, each instructional cycle contains multiple teacher-directed lessons for further instructional differentiation and support.

Giving Teachers More Time to Teach

Interactive lessons, read-alouds, digital books, real-time reports, and Istation's other all-inclusive tools support all levels of instruction for all student abilities. For developing to established readers Istation supports intervention, development, and accelerated learning.

ISIP™ Subtests

Students begin with an assigned set of grade-based assessments. More or less challenging subtests will be added based on each student's estimated overall reading ability score.

Lexile® Measures to Connect Students with Reading Materials

Schools get up-to-date Lexile reading measures for students based on their performance on Istation's Indicators of Progress (ISIP™) assessments. Interactive books and reading passages are correlated to Lexile reading measures. Searching beyond Istation's digital library of reading materials, the Lexile Find-a-Book feature screens and filters books according to students' Lexile measure along with genre, reading interest, and more.

Interactive books based on each student's reading abilities

Engaging lessons and game-like activities

“ Istation is a tremendous part of the success that we have seen as a district.

Superintendent - Lubbock, TX

”

Istation's assessments and instruction helped Lubbock ISD improve and maintain reading assessment scores.

Made by Teachers for Teachers

Made by native Spanish teachers, Istation's nationally normed, research-based formative assessments and adaptive curriculum cover the essentials of reading.

Actionable, Insightful Data

Get easy-to-understand feedback that is timely, specific, and constructive to help support instructional decision-making, increase engagement, and improve educational outcomes. Schools get unlimited access, comprehensive support, and inclusive resources.

Mixing teaching and technology to differentiate instruction, Istation prescribes explicit and direct lessons, giving students targeted interventions and instruction based on their specific needs and abilities.

What's Included?

Teachers and administrators get the actionable and insightful data they need to differentiate instruction with essential tools and computer-based evaluations for small- and whole-group instruction.

Formative Assessments

- Automatic screeners and progress monitoring
- On-demand assessments
- Precise measurements
- Seamless placement

Adaptive Curriculum

- Purposeful instruction
- Layered scaffolding
- Interactive lessons
- Explicit and direct instruction
- Responsive reteaching

Personalized Data Profiles

- Accurate results
- Recommendations for individual and small-group instruction
- Prescriptive support for intervention
- Intervention history
- Biliteracy Report

Teacher Resources

- Automatic priority alerts
- Online lesson libraries
- Interactive tools
- Lesson plans, interventions, and grouping mechanisms

School-to-Home Connection

- Interactive lessons
- Ipractice
- Assignments
- Interactive books
- Parent Portal

Professional Development

- Popular course models
- Customized workshops
- Support on-site, online, by phone and by email

Proven Results

- Award-winning
- Research-based
- Aligned to standards

Innovative Educational Technology

Working together, Istation's formative assessments, adaptive curriculum, personalized data profiles, and flexible teacher resources help schools:

- Implement multi-tiered systems of support strategies
- Prioritize critical interventions
- Identify students for small-group instruction
- Select from targeted teacher-led lessons
- Compile student strengths and weaknesses
- Document interventions
- Support dual-language and biliteracy programs
