Since 2013, ZoZo Group has been the source for community outreach and public information for over 250 transportation and infrastructure projects throughout Colorado. With each project, our primary goal is to deliver information so that every community member is empowered with knowledge and ready to face the impacts that may arise. We open channels of communication at the local level, working diligently to encourage engagement and build relationships.

Our team is Colorado-based and professional. We know your community because we are already a part of it. Those who have worked with ZoZo would describe us as:

Proactive & Persistent

Efficient & Effective

Strong Communicators

Experienced

We proactively anticipate the information your community needs and communicate it effectively. Our staff is responsive to your goals, tailoring our deliverables to meet the specific needs of each stakeholder.

Let ZoZo be the voice that speaks to your community. Engage with ZoZo Group today to begin your tailored campaign to educate, inform, and engage the public.
