

A LIVING LEGACY FOR  
THOSE WHO LOVED

*New York City*

For many, New York City is more than just a place to live, it is a place that holds our heart. Whether it's a stroll in the park, an avant-garde performance or a day at The Met, our city is part of our identity. And it all starts when we step out onto the sidewalk.

Now there is a way to honor and remember the ones who loved New York City with the gift of a street tree -- A living legacy that represents our resilience and brings a moment of tranquility to all who pass by.

The true meaning  
of life is to plant  
trees under whose  
shade you do not  
expect to sit.
