## Selectica's complete range of Staffing Solutions

- We understand the opportunity losses that organizations suffer due to vacant positions and also realize the urgency to fill the vacant positions at earliest.
- We also provide industry bench marking / market research data reports to our clients.
- Our extensive knowledge and hiring experience allows us to provide specialized hiring solutions to our clients including Discreet hiring, Diversification hiring and International hiring. Few hiring assignments that we execute on behalf of our clients are as follows:

For clients having bulk hiring requirements, we mobilize recruiters exclusively for catering to client's requirements on "Exclusive Account Model".

# Our Process

## Payroll Outsourcing:

Allows our clients to focus on their core competencies by outsourcing Payroll and Benefits. Our robust processes and technically strong team ensure that payroll function operates in smooth, efficient and secure manner. We deliver value to our clients by lowering fixed costs and hassles, also ensuring high accuracy and reliability of payroll operations.

## HR Process Outsourcing:

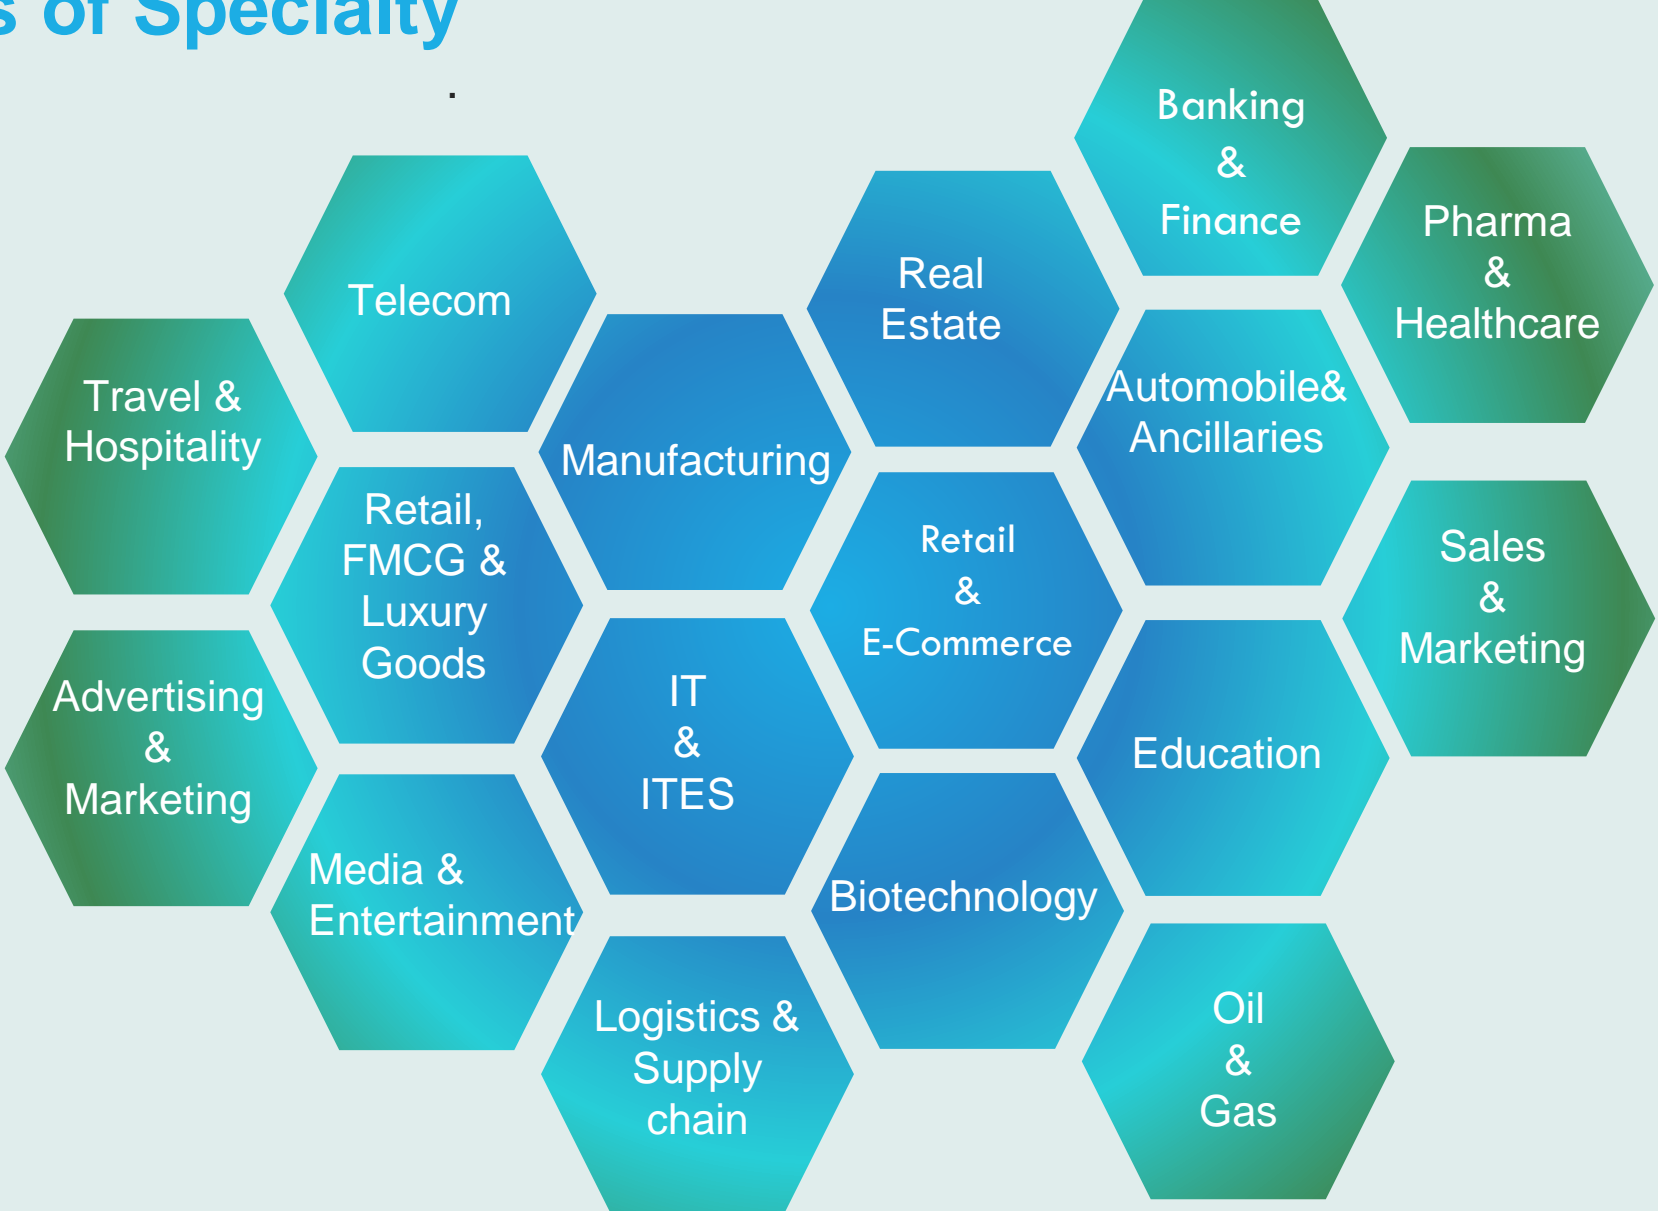

Deep knowledge and understanding of local HR processes and compliance requirements enables us to provide customized HR outsourcing solutions to fit our client requirements.

## Training and Development :

Allows your organization to maintain a competitive advantage in growing market. We provide customized training modules to suit our client requirements. This delivers value to our clients by increasing efficiency and cost effectiveness of their processes.

# Our Areas of Specialty

Consistently delivering value to our clients from diverse sectors.

# Best time to make new beginnings is now..Let's connect!
