

# Mobile App Overview

For registered monthly parkers the FlashParking Mobile App allows for contactless access to gated parking facilities via our proprietary FlashBeacon Bluetooth technology. Monthly parkers will simply scan the barcode on the parking kiosk. The Mobile App will connect seamlessly to the Bluetooth enabled kiosk and enables the gate to open for entry or exit automatically from the parking facility for an enhanced parking experience.

Submit your **Monthly Parking Request Form** online at [www.successparkingsolutions.com](http://www.successparkingsolutions.com) and **Download the App TODAY!!**

## Mobile App Compatiability Requirements

The Mobile App is compatible and available for download on iPhone, iPad and iPod Touch devices. For Apple iOS devices requirement is version 10.0 or later. For Android devices, requirement is version 7.0 or later.

## Mobile App Download - First Step

1. Search and **Download** the app titled 'Flash Parking' from the Apple App Store or Android Google Play Store.

3. Open the app after the download.

3. Select '**Allow While Using App**' to enable the application to use your location.

**Important Note:** Complete the **Monthly Parking Request Change Form** found online at [w.successparkingsolutions.com](http://w.successparkingsolutions.com) and allow 24-48 hours for processing to update your profile.

## Introducing the Contactless Parking Mobile App!

**Beginning June 22, 2020**, Success Parking Solutions will migrate from a physical parking card gate entry and exit at our monthly managed parking facilities to our **NEW Contactless Mobile App** technology! With customer and employee safety as our paramount concern during the COVID-19 health crisis, we're announcing a new way of making parking garages more accessible and to improve the customer parking experience during this time.

### Utilization of the Mobile App will require monthly parkers to:

1. Submit a **Monthly Parking Request Change Form** online at [www.successparkingsolutions.com](http://www.successparkingsolutions.com) to register and/or update your parking profile information. To activate your Mobile App access, your mobile phone number and email address information is required.
2. Download the Flash Parking mobile app from the App Store or Google Play. Instructions after downloading the app are referenced on the back of this quick reference card.

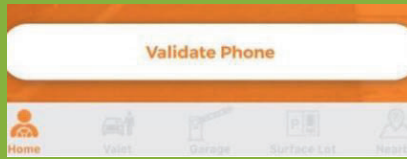

It's that simple! We thank you for your patience and support as our company moves forward to providing a safe way to stay virtually connected to the parking facilities we manage.

# Parking Mobile App Instructions - How it Works

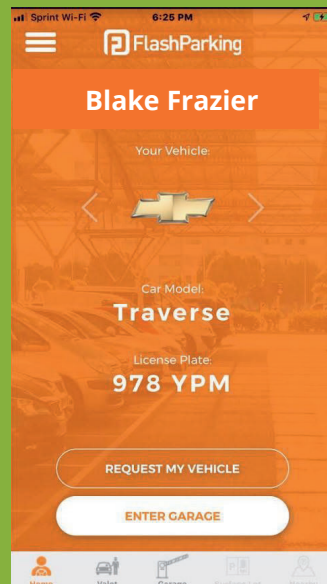

1. Click "**Validate Phone**" to compose a text message. Once the compose text message window opens hit "**Send**".

2. You will receive a text message to confirm and validate your device is registered.

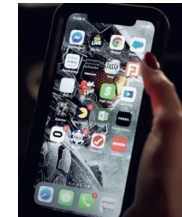

3. Click the '**Flash Parking**' App to open. You will now see your name and vehicle information displayed on the app. The app is now validated and synchronized with your parking profile and available for use to enter and exit the parking facility.

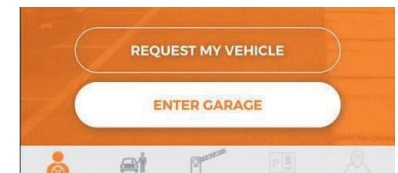

1 ONCE YOU PULL INTO THE GARAGE GATE, MAINTAIN A 1-2 FEET DISTANCE BETWEEN YOUR CAR AND THE KIOSK.

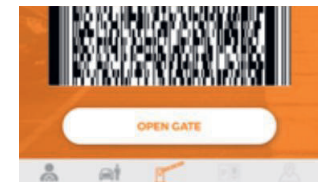

2 OPEN THE APP.

3 SELECT 'Enter Garage' BUTTON and A BARCODE DISPLAYS.

4 SCAN THE BARCODE ON YOUR PHONE ADJACENT TO THE KIOSK SCANNER.

5 THE GATE OPENS. EXIT THE GARAGE.

6 UPON EXITING, THE PROCESS IS THE SAME.
