# **COMMUNITY HELPER TASK LIST**

These aren't just coins — they're a symbol of your help building something that will bless generations.

## **PRESTIGE888 SUPPORT TASK LIST**

“Help build the foundation for generational wealth and community ownership.”

Prestige888 is building real value through real businesses, services, and innovation. While the crypto coins and tokens may not seem like much now, they're backed by real utility, growth, and community action. Helping now means you're growing your stake in something real.

### **Strategy & Project Support**

- • Note Taker & Organizer – Help organize meeting notes, ideas, or project outlines.
- • Schedule Coordinator – Help schedule calls, meetings, or task deadlines.
- • Form Creator – Build basic forms for feedback, applications, or data collection.
- • Report Formatter – Help format simple updates or reports into neat documents.
- • Proposal Helper – Assist in preparing proposals, grants, or investor decks.

And remember: **“We're not building hype — we're building legacy.”**

Tokens and coins may start small, but they grow with every house wired, every form filled, every neighbor helped.

**The more people we empower, the more these coins will truly represent community power and real value.**
