REVOLUTION SERIES WIDE BODY CONES

JBC™ Revolution Series Cones are made from an innovative injection molded design that holds up in all temperatures and maintains color in difficult UV situations.

Indented handles at the top allow the cones to easily be picked up and stacked. The black bases are made entirely from recycled materials and are marked with a unique dotted pattern. Spot the dots to know it's JBC!

REVOLUTION SERIES SLIM BODY CONES

JBC™ Revolution Series Cones are available in a sleek, slim body design. The thin body profile of these cones allows for easier handling and storage.

These injection-molded traffic cones can stand up to any weather and are great for high-wind conditions. An indented handle at the top allows for the cones to easily be picked up and stacked. The bases are made entirely from recycled materials. Spot the dots to know it's JBC!

KNOB-TOP, OPEN-TOP & D-TOP DELINEATORS

JBC™ Delineators are designed to perform in the toughest conditions. The design features a rigid top to easily pick up, and flexibility towards the bottom to allow better rebound ability.

All delineators are made with two 3" stripes of 3M prismatic tape and UV stabilizers to hold color in the harshest weather or road conditions. Different sizes, base options and top options are available.

The Knob-Top Delineator features a hand grip knob at the top for ease of loading and unloading. The D-Top option has a hole at the top to easily mount a barricade light.

RETRACTABLE CONE BARS

JBC™ Retractable Cone Bars are the most efficient warning barriers available. These lightweight, easy to assemble cone bars are made from the highest quality commercial grade ABS materials and engineer grade reflective sheeting to ensure maximum visibility day or night.

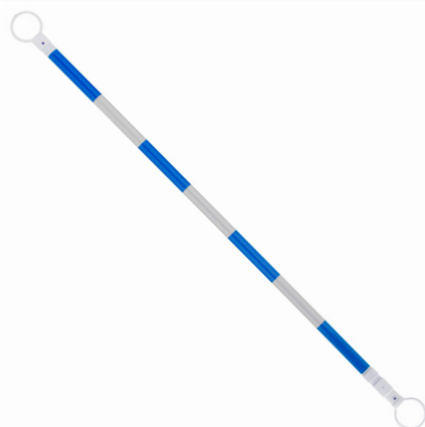

Available in seven different color combinations and two adjustable sizes, these cone bars will fit on all JBC™ cones and delineators. New florescent color combinations available for 2019.

CONE BAR ROLL UPS

JBC™ Cone Bar Roll Ups are the perfect option to easily attach messages to cone bars, and are great for utility work, construction sites, parking lots, pedestrian areas and more.

Cone Bar Roll Ups feature a wide array of commonly used warning text printed on engineer-grade sheeting. Reflective and non-reflective options are available in a variety of sizes. Custom text is available upon request.

ROLL UP SIGNS

JBC™ Roll Up Signs are portable, flexible and easy to use. All Roll Up Signs are designed with our superior Dura-Viz ink technology, resulting in a graffiti, tar and tack resistant product.

These safety signs can be wiped and cleaned without damaging the legends, which allows you to keep your signs looking new longer. Roll Up Signs are available in 3M or Orafol reflective, non-reflective vinyl and mesh. Custom printed signs are available.

CONE ACCESSORIES

JBC™ has created Traffic Cone Accessories to enhance the visibility and diversity of the function of our Revolution Series Cones.

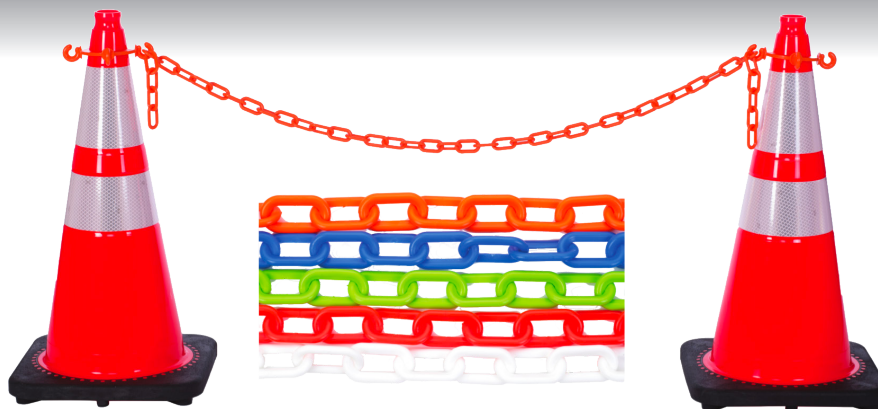

Cone Signs: Easy option for clipping standard warning and directional signs to JBC™ cones and delineators.

Cobra Chain: A strong, durable option that will connect to all JBC™ cones and delineators to form visual barriers that are bright and colorful.

Cobra Tape: A highly visible, cost-effective belt barrier system that will fit all JBC™ cones and delineators.

Cone Holders: Truck Mount Cone Holders can be used on the outside of commercial vehicles to easily and safely transport JBC™ cones.

T Caps: Caution tape holder made from 100% recycled materials for JBC™ cones.
