

LET'S WORK TOGETHER TO FIGHT CRIME!

Help Keep Oklahoma City Safe

CONNECT OKLAHOMA CITY is a new public safety Program enabling the people of Oklahoma City to help Keep their community safe.

The Oklahoma City Police Department is utilizing Fūsus to create stronger public-private collaborations and enable businesses and community members to work more closely with law enforcement. Public safety agencies depend on neighborhoods to mitigate and investigate crimes and be better equipped as first responders on the scene of critical incidents. The Fūsus system serves to increase community security while maintaining personal privacy.

Your participation will greatly enhance emergency preparedness by enabling police, fire, and public safety professionals to better assess and rapidly respond to criminal activity and emergency situations. It will also enable investigators to easily gather evidence in case of incidents.
