

MAGBAY 2026

EXPLORING THE
WORLD'S MOST
STUNNING MARINE
SAFARI.

BAHÍA MAGDALENA, BAJA CALIFORNIA SUR, MEXICO, NOVEMBER 2026

“To dive into these waters is to discover that the invisible thread binding us to marine life is woven from the same fabric as our deepest yearnings: a sublime connection that transforms a simple gaze into an act of love”

The background is a collage of four underwater photographs. The top-left photo shows several seals swimming in clear blue water. The top-right photo is a dark blue background with a white line drawing of a whale's tail. The bottom-left photo shows a shark swimming near two diver's fins. The bottom-right photo shows a large, dense school of fish swimming in blue water.

LET'S GO TO DIVE IN MAGDALENA BAY!

A perfect balance of
dazzling serenity and
daring adventure

Magdalena is nestled in the
beautiful Port of San Carlos, a
place renowned for its vibrant
biodiversity and dedication to
marine conservation

Our marine life is
pure gold

SEAFARI

From October to December, the cold currents usher in the 'dance of life.' More than just a journey, it offers an exclusive front-row seat to one of the Earth's greatest migrations. To be there is to truly grasp the ocean's strength and its delicate balance

THE STAR OF THE SHOW: MARLINS IN THEIR FULL GLORY

**WITNESS THE OCEAN'S FASTEST PREDATOR IN ACTION. A DANCE
OF POWER AND PRECISION THAT ONLY HAPPENS HERE**

**The Fastest Predator: Reaching
up to 110 km/h, to see the Striped
Marlin in full hunt is to witness
sheer evolutionary perfection**
