

Sorry for the delay with our updates - PCL was 'out of town' for a bit.

A few topics for today's email:

1. Donations
2. Yard Signs
3. Lake Districts and FAQ's
4. Statements From Township Meetings
5. Upcoming Meetings

*Donations* - if you have donated - thank you! If you are considering giving we would very much appreciate anything you feel is appropriate by clicking [here](#). Again, thank you.

*Yard Signs* - we have distributed almost all of the yard signs - it is making a difference as they are highly visible and have people talking. Please take a moment check that your sign is still displayed prominently at your home.

*Lake Districts and FAQ's* - you may have heard that the Towns of Jacksonport and Sevastopol have asked Clark Lake Advancement Association (CLAA) to form a Lake District as a way of getting an ordinance banning artificially enhanced wake boating on Clark Lake. Protect Clark Lake is dedicated to protecting the lake through education and engagement but is not involved in governance decisions of CLAA - a Lake District falls under the responsibility of the Clark Lake Advancement Association. People with questions regarding Lake Districts can check out the list of FAQ's we put together which you can find by clicking [here](#).

*Statements From Township Meetings* - Attached you will find the hard copy of the comments given during the public comment portion of the two July Township meetings from Kathy Steinmetz (PCL) and Tim Timby (President - CLAA). Both are an important part of the public record. Please take a moment to read as they do an excellent job positioning how both PCL and CLAA feel about the ordinance.

*Upcoming Meetings* - Please join us for the public comment portion of the next board meetings to continue to show support for Clark Lake by attending and speaking on its behalf.

#### SEVASTOPOL TOWN BOARD MEETING

Monday, August 17, 2026

7:00 PM

Sevastopol Town Hall - Click [here](#) to see the meeting agenda when posted
