November 15, 2018

To Whom It May Concern,

I have had the pleasure of working with Cleber Costa from July 30, 2018 until November 15, 2018. Cleber, and his crew, renovated our current home in Larchmont, NY from a standard 1950s Cape Cod into a Colonial.

Cleber was consistently punctual, prepared, on task and invested in our renovation. In addition to his great work ethic, Cleber was always kind, respectful, attentive and always willing to answer any questions that I had.

In addition, I truly believe that, at times, Cleber put our needs ahead of his own. For example, Cleber and his crew stayed over time and put all of their time and energy into keeping my basement from flooding after a flash flood in September. Cleber has consistently told us that he treats our home as his own and is happy to help when needed.

I highly recommend Cleber for any job he is needed for. He will rise above all expectations and complete any job to his fullest potential.

Sincerely,

Erica Zimmerman
Home Owner
